1. SCOPE AND PURPOSE

- 1.1 This policy sets out the methodology and approach for all course fees in the academic year 2024/25, i.e. 1 August 2024 to 31 July 2025, as a minimum but may continue in operation thereafter if no subsequent policy is presented. The policy has been prepared following careful reference to the recommendations, guidance and rules of the appropriate funding bodies at the time of the review. However, the RNN Group (hereinafter referred to as the 'Group') reserves the right to deviate from this policy if the funding guidance and rules change within the academic year, or for future years where there is no replacement policy in place. Given the diverse nature of the provision undertaken across the Group, occasional deviation from this policy may be necessary, this should only take place on the express authority of either the CEO/Principal or Executive Director of Finance.
- 1.2 At the date of this policy the funding bodies (hereinafter collectively referred to as the 'Funding Bodies') referred to are the Education and Skills Funding Agency (ESFA), South Yorkshire Mayoral Combined Authority (SYMCA) and the Office for Students (OfS).
- 1.3 All staff must adhere to this fees policy and direct learners to it when there is a query.

2. GENERAL PRINCIPLES

- 2.1 Current policy from the Funding Bodies makes it clear that the Group should apply a tuition fee to all funded programmes at a rate determined by their respective funding methodologies. In particular circumstances, the ESFA/Devolved authority pay this fee element on behalf of the learner, which is known as fee remission. In a prescribed set of circumstances for adult courses, the ESFA/Devolved authority contribute towards the costs of the course fee, with the expectation that the learner, or someone on their behalf, also pay a contribution, this is known as co-funded. The Group are fully aware and make clear to all prospective learners that the fees are required in order to study at the Group sites and additionally ensure that individuals and employers are aware.
- 2.2 The fee structure at the Group is complex, as it links to rules around available funding.
- 2.3 Except where expressly stated, it is assumed that all learners will provide their own general materials required for the course i.e. stationery.
- 2.4 Learners are broadly split into the following categories:
 - a) Learners under the age of 16 (as at 31 August 2024 or the year in which their course begins if this is not 2024) will be required to pay the full fee for the course(s) of study unless related to, a specific contract or an agreement with the local authority school/agency.
 - b) Young people (aged between 16 and 18 on 31 August 2024 or the year in which their course begins if this is not 2024) on study programme or traineeship provision do not pay course fees, and it is anticipated that fees are only charged for resits and / or additional residential / trips or sundry fees linked, related or attributable to their course. Learners may apply for additional financial assistance in the form of a bursary though it should be noted that such application does not guarantee that such financial assistance will be provided in all circumstances.
 - c) Adult learners (19 years or over on 31 August 2024) are eligible to pay fees unless covered in full or part by the fee remission categories detailed within this policy. Learners may apply for financial assistance from Discretionary Learner Support funding though it should be noted that such application does not guarantee that such financial assistance will be provided in all circumstances.

- d) Apprenticeships – funding is dependent on the age of the apprentice at the start of the apprenticeship and the number of employees and / or payroll costs of the employer.
- e) Overseas learners who do not meet the criteria to enable the Group to secure funding will be responsible for the payment of any and all applicable fees.

3. FEE STRUCTURE

3.1. All fees

Course fees will normally include registration and examination charges except where otherwise specified. Further information on course fees is available through our enquiry team/channels. For any examination resits please see section 6.

3.2. Under 16 years of age

Course fees for learners under the age of 16 are determined by the Group to cover all costs incurred in the planned delivery with a contribution to cover support and administration costs.

3.3. 16-18 year olds

Learners aged between 16 and 18 years of age on 31 August 2024 or the year in which their course begins if this is not 2024, on a study programme or traineeship provision will not pay course fees. The only fees due will be any resits and / or additional residential / trips or sundry fees linked or relating to their course.

3.4. Adults

Fees for Adults (19+ years of age) are split into those covered by ESFA/Devolved authority FE funding guidance, HE courses and non-funded/full cost provision.

- a) Adult ESFA/Devolved authority FE funded provision covers those learners and courses for Adult Skills Fund (ASF) and Advanced Learners Loans (ALL). ASF provision can be subject to Government funding depending on the type of provision. ALL are available to eligible learners aged 19 and above studying at Level 3 and above, please see <https://www.gov.uk/advanced-learner-loan> for more detail. When charging a fee to co-funded learners, the sum of the government contribution and the learner's fee must not exceed the fully funded weighted rate for the learning aim, and the learner should not have to pay more than 50% of the unweighted rate.
- b) Unfunded adult learners studying a second Level 3 programme are ineligible for funding from the ESFA and are liable for the full costs of their programme. In most of these cases, learners will be eligible for an Advanced Learner Loan to pay for their course.
- c) HE learners are eligible to pay fees and no fee exemption exists. All HE fees will be charged at an annual rate, agreed by the RNN Board, which will remain stable for the duration of their course. Each payment is for a single academic year only, for 2024/25 the fees are dependant on the course and up to £7,600 for full-time and up to £4,750 for part-time courses but this would usually be 50% of the full-time rate (Applicable rates for academic years other than 2024/25 are available upon request from September 1st of the given academic year). HE fees may be covered via a student loan from Student Finance England and learners should look into this in more detail at <https://www.gov.uk/student-finance>.
- d) Non-funded / full cost provision is charged in full with no fee remission. Full cost provision can be tailored to meet requirements and quotes are available on request, please ask the business development team for more details.

3.5. Apprenticeships

- a) Apprenticeship funding is categorised as either 16-18 year olds or Adults, dependent on the age of the apprentice at the start of the apprenticeship. Funding / fees depends on the number of employees and / or payroll costs of the employer.
- b) Funding is either non-levy, which is a combination of Government funding and employer contributions, or levy funded which is directly funded from the employer levy pot.
- c) Apprenticeship fees are charged at the maximum bands subject to price negotiation for specific circumstances.

3.6. Overseas learners

Fees for Overseas learners will be advised on application to the course.

4. FEE REMISSION

- 4.1 Fee remission is defined as the waiver of full or part fees. Fee remission can only be given to learners where both the learner, and the course, qualify for public funding or under exceptional circumstances as defined by the Group. There is no fee remission for HE courses.
- 4.2 Fee remission will only be given where individuals can provide the appropriate evidence of their situation / status. Where this is not supplied, the relevant course fee will apply in all cases.
- 4.3 To qualify for fee remission learners must be must be a UK citizen or resident in the European Economic Area (EEA) for at least the previous three years. If this is not the case please ask for more details.

 - b) In Full via credit card / debit card, online payment, cash or cheque made payable to "RNN Group".

 - d) Loans – Advanced Learning Loan (ALL) for learners aged 19 years or over studying at level 3 or above, or Higher Education (HE) loan for HE courses. Learners required to secure an ALL or HE loan may enrol prior to receiving confirmation from the Student Finance England on production of evidence that a loan application has been completed. Learners are required to produce evidence, of a loan, within 60 days of the commencement of their course. Failure to do so will result in the learner being invoiced for the full cost of the course fees. ALLs and HE loans are non-secured loans repayable when a learner's future earnings reach the repayment level. Repayment is made via employers through payroll deductions. Student Finance England will 'write off' any outstanding ALL balances for an Access to HE course if a learner goes on to complete a higher education course which is eligible for Student Finance.

- e) Instalments/Recurring card payment - only available for courses with fees over £100 and a minimum duration of 3 months. 7.4 Adult bursary funding:

- a) Bursary funding is not applicable to all courses and subject to funding available at that time from funding bodies or other organisations.
- b) Any bursary funding is only available to support learners whilst they are on programme, which may mean withdrawing from a course leaves outstanding course fees to pay that are not covered by the relevant bursary.
- c) Some bursary funding is linked to loans and only applicable whilst any loan funds are being received by the Group on behalf of the learner.
- d) Bursary funding criteria depends on the funding body / organisation's stipulations or allowed local variations.
- e) Bursary funding provides a contribution towards costs incurred through learning and is not guaranteed to cover full fee costs. If approved, DLSF may support up to 90% of fees depending on individual circumstances, and only in exceptional circumstances will 100% support be available.

8. REFUNDS / CREDITS

- 8.1 A refund relates to the repayment of sums paid by a learner, or on behalf of a learner, to the Group. A credit relates to an appropriate reduction in the amount owed by the learner, or in relation to the learner.
- 8.2 Full refunds / credits will automatically be given / applied when a course is cancelled by the Group before the start date. Should this action prove necessary this will be actioned by the Group and no formal request or refund form is required.
- 8.3 Partial refunds / credits will automatically be given / applied when a course is cancelled by the Group once it has commenced. Should this action prove necessary this will be actioned by the Group and no formal request or refund form is required from individual learners. In such an event the following learners will not be eligible for a refund / credit:
 - a) Learners who have voluntarily left the course.
 - b) Learners who have not attended due to a pre-notified absence / leave.
 - c) Learners who have not attended for a period of four weeks prior to the decision to cancel the course.
 - d) Learners who have already received a refund for the course.
 - e) Learners where a refund request has already been denied.
- 8.5 Where a course is postponed the Group will work with learners to look at options for deferring payments already made to the rescheduled course.
- 8.6 Refunds / credits will be considered when apprenticeship provision has commenced but

cannot continue in a timely manner due to circumstances beyond the Group's control, i.e. long-term sickness of relevant staffing. This will be considered on an individual basis but may involve the deferring of payment until such time that provision can re-commence.

- 8.7 Refunds /credits will not be made for any personalised kits or materials which are being retained by the learner or any registration fees which have been paid to a third party by the Group on behalf of the learner.
- 8.8 Fees will not be refunded / credited where course cancellation is temporary or due to circumstances beyond the control of the Group, including but not exclusive to fire, flood or other force majeure, adverse weather conditions, failure of public utilities or transport systems/networks, restrictions imposed by the government, terrorist attack or threat of, epidemic or pandemic disease, temporary staff absences or changes including those due to industrial action.
- 8.9 Refund / credit of fees requested by a learner, once the course has already started, will only be approved in exceptional circumstances. All refund / credit requests, except these noted above, require the completion of a Refund of Fees form which will be assessed and approved or declined based on individual case basis. Forms can be obtained from Student Services and completed forms must be submitted to the Students Services team.
- 8.10 Refund / credit requests will be considered only where written / e-mailed application for a refund / credit is received within 30 days of the last date of attendance or of the start date of the course.
- 8.11 Where a refund request is in response to a course issue or problem the Feedback and Complaints Policy document should be reviewed.
- 8.12 Where refunds / credits are approved for FE courses this will be based on the number of remaining months pro rata to the length of the course. This is the same approach applied by the Student Loan Company to ALLs taken by the learner reducing the loan liability through a credit rather than a refund.
- 8.13 Learners on HE courses who have a refund / credit approved will have final costs as follows based on their withdrawal date falling into a term:
 - a) Term 1 - 25% charge
 - b) Term 2 - 50% charge
 - c) Term 3 - 100% chargeDepending on payment method this will result in either a refund or reduced loan liability.
- 8.14 Learners paying by instalments who withdraw from their course before the expected end date and have a refund / credit approved, will be charged on a pro rata basis for the number of months attended. This will result in credit to their invoicing arrangements which may still leave a balance due remaining.
- 8.15 Student Finance England will automatically make adjustments to FE and HE loans based on any change of circumstances actioned due to refund requests.
- 8.16 Refunds will only ever be made via BACS / cheque and never by cash. Where the payment was made via the Group's online payment system, the refund will be made through this system.

- 8.17 There will be no refunds for bespoke/full cost provision unless in exceptional circumstances and with the expressed approval of the Executive Director of Finance.

9. OUTSTANDING FEES

- 9.1 Where fees remain outstanding at the course end date, the Group reserves the right to withhold exam results and certificates as well as delaying graduation and any other reasonable measures as determined by the Group until such point that the outstanding fees are received in full.

Appendix 1:

Debt Control / Non-Payment of Fees

1. Responsibilities

1.1 It is the responsibility of all members of staff to ensure that all students who are on programme have the means and intention to pay for their course, if they are not subject to fee remission. This includes apprentices where the employer is responsible for a non-levy contribution or must have sufficient funds in their levy pot to cover relevant fees. A key part of this is timely liaison between departments including Academic staff, Work based learning staff, Finance, MIS, Student Support and Learner Recruitment.

1.2 The Group will be clear in its fees guidance and ensure that all interested parties have access to the fees policy through the website and enquiry channels. This also applies to apprentices where it might be the responsibility of the business development staff / enrolment officer to ensure employers are aware of the Group's fees policy. They must also ensure that the fee source is correctly recorded at the point of enrolment and all completed paperwork provided to MIS / Finance on a daily basis. Paperwork should be sent to finance via e-mail to salesledger@rnnngroup.ac.uk. Learners should not be enrolled until the appropriate evidence has been seen.

2. Processes

2.1 Finance will run the reports daily from the Group Reporting Portal and upon receipt of the correct paperwork, invoice processing will be complete within 2 working days. Where the student's employer is to pay the fees and a confirmation letter is attached, the invoice will be raised in advance of the course start date.

2.2 Direct debit mandates supporting the payment of fees for any learner will be passed to Finance to enable timely collection.

2.3 The relevant reports should only show enrolments where fees are outstanding and should clearly show the fee source for each student. All reports should be in the format as requested by Finance and MIS and Learner Recruitment will endeavour to resolve any issues within 2 working weeks.

2.4 On a weekly basis, Finance will provide MIS and Learner Recruitment with details of any enrolments where the fee source is not known. MIS/Learner Recruitment will respond to Finance within 5 working days advising of the correct fee source. Finance will then process in line with the above timeframes.

3. Loans

3.1 The learner is responsible for their fees and Student Support will support the student with any loan applications. Student Support must also ensure that registration and attendance confirmations are done for all learners on programme in line with SLC timescales (2 weeks for registrations and quarterly for attendance) to allow funds to be released to the Group.

3.2 Where learners have not produced proof of a Loan within the 60-day period an invoice will be produced and issued. Failure to provide either loan documentation or payment of the invoice will result in being withdrawn from the course and prevented from sitting future examinations, or graduation in the case of HE loans.

4. Non-payment of Fees

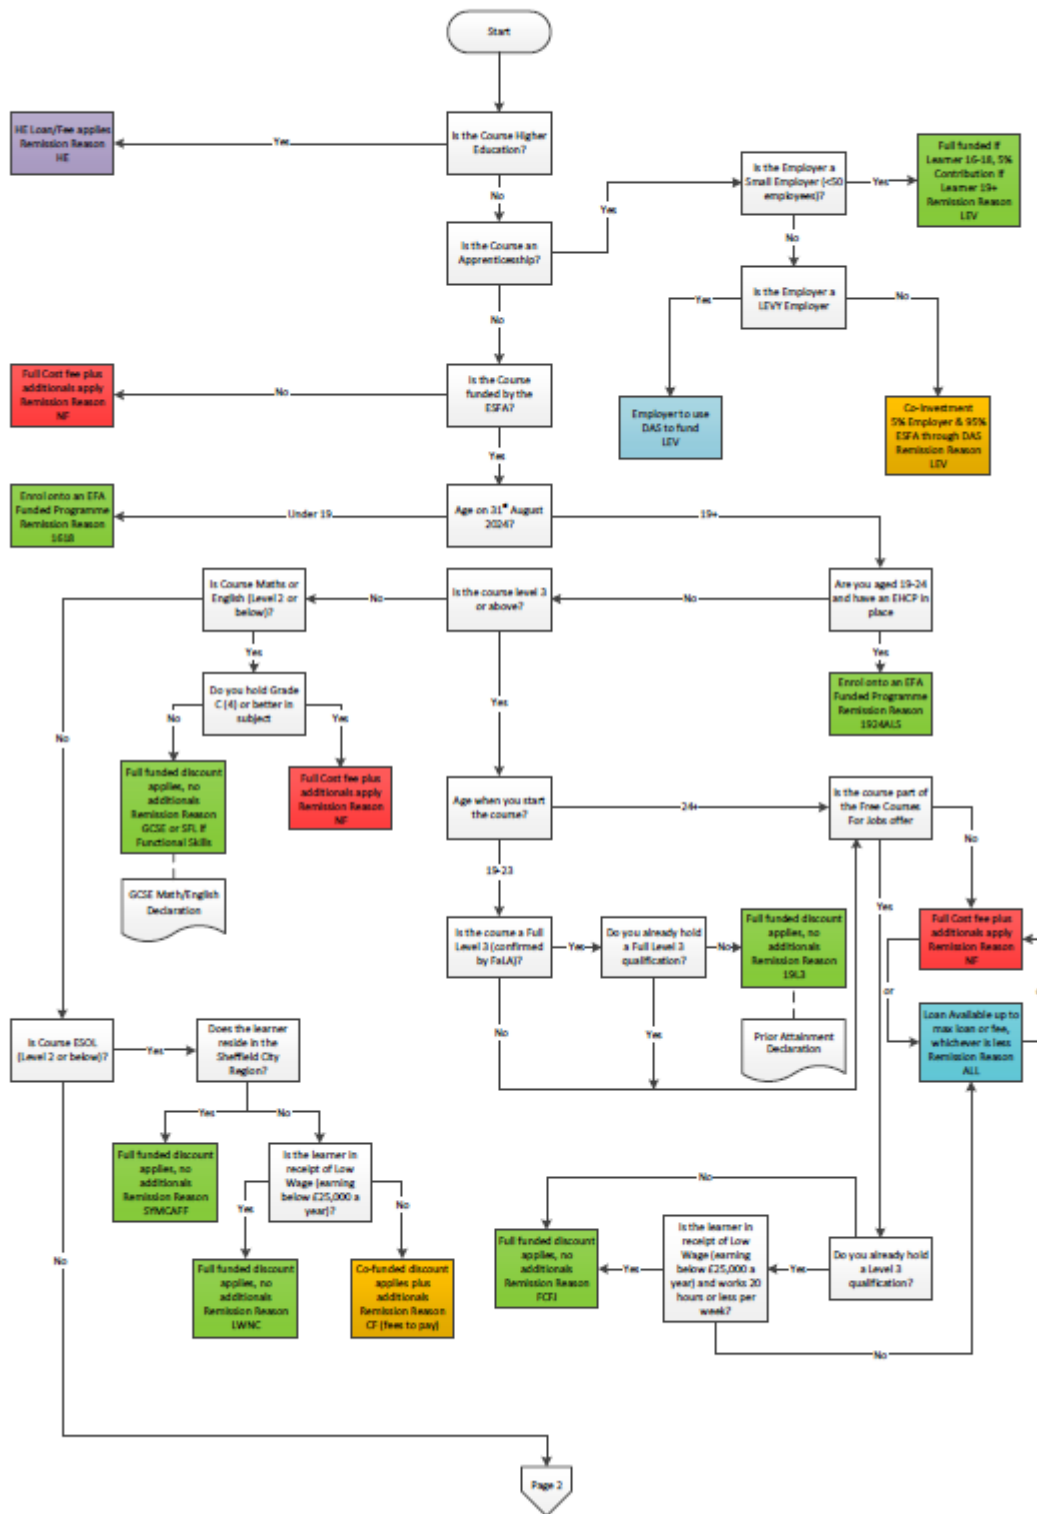

- 4.1 On a monthly basis, Finance will circulate details of all unpaid fees, cancelled Direct Debits and learners with outstanding loan paperwork to Curriculum Managers (CMs), MIS and Student Support.
- 4.2 It is the responsibility of CMs to follow up as necessary, liaising with other departments if required. If the learner has withdrawn, this must be recorded by CMs/MIS in a timely fashion on pro-solution. CMs will inform Finance of the outcome for all learners within 10 working days.
- 4.3 Where the above procedures do not result in the recovery of fees, Finance will inform the relevant department and the Group may suspend continued study and / or prevent future enrolment on additional courses if any fees are outstanding. 100% of the debt will be charged to the relevant department. The Group may additionally or instead take appropriate legal action where fees are outstanding. Any costs incurred in the recovery of fees will be added to the amounts already outstanding, along with interest, calculated as per specified guidance on interest due. In suspending / withdrawing learners ID cards will be disabled to restrict access to building and learners will be prevented from sitting future exams, where relevant. In instances where exams have already taken place, the Group reserves the right to withhold exam results and certificates. HE learners will be prevented from graduating until such point that the outstanding fees are received.
