End Date: 30th October 2024

Exam Date: 6th November 2024

### Course Fees

£750 Inclusive of Tuition and Course handouts,  
NEBOSH Exam Entry Fees

## Course Overview

The NEBOSH Certificate in Fire Safety qualification provides the underpinning knowledge required by people with fire safety responsibilities at work. It is particularly relevant for those who contribute to or review fire risk assessments within low to medium risk workplaces.

## Modules Covered

The qualification covers the following key topics:

- Managing health and safety
- Managing fire safety
- Principles of fire and explosion
- Causes and prevention of fires and explosions
- Fire protection in buildings
- Safety of people in the event of fire
- Fire safety risk assessment

Candidates will be able to complete a fire safety risk assessment of a workplace. In particular, to:

- Identify fire hazards in the workplace
- Identify people who could be at risk should a fire start
- Assess the adequacy of existing fire safety measures to control risk
- Assess the risk of fire occurring
- Assess the speed at which fire and smoke could spread once started
- Assess the risk to people from fire
- Where necessary, recommend additional fire safety measures to further reduce risk

*No previous health and safety or fire safety knowledge is required.*
