Course Overview

NEBOSH National Diploma for Occupational Health and Safety Management Professionals is a perfect choice if you want to make health and safety your career. The resulting qualification will give you the knowledge and practical skills you need to perform as a leading health and safety professional of the future. You will gain confidence in your capabilities to recognise and solve everyday health and safety issues and take opportunities for improvement.

On completion of the qualification, you will be able to:

- Understand how health and safety legislation is applied in a workplace and the possible enforcement actions that could be taken
- Identify and effectively communicate relevant health and safety information
- Advise on a range of common workplace health and safety issues including how these can be assessed, controlled and monitored
- Develop a health and safety policy strategy (including proactive safety, Corporate Social Responsibility and the change management process)
- Contribute to a risk management strategy
- Promote a positive health and safety culture
- Develop and audit health and safety management systems

- Maintain individual and organisational health and safety competence
- Manage contractors and supply chains to ensure compliance with health and safety standards.

Entry Requirements

There are no entry requirements for this qualification, however it is important that learners have a suitable standard of English language in order to understand and articulate the concepts contained in the syllabus.

NEBOSH recommends that learners undertaking this qualification should reach a minimum standard of English equivalent to an International English Language Testing System (IELTS) score of 6.0 or higher in IELTS tests.

For further information please see the latest version of the IELTS Handbook or consult the IELTS website at ielts.org/for-test-takers/test-format
