THIS IS Your Time

PRINCIPALS WELCOME

DURING YOUR TIME WITH US WE WANT TO HELP YOU ACHIEVE YOUR ASPIRATIONS.

Jason Austin

Jason Austin
CEO and Principal of RNN Group*

*RNN Group comprises of Rotherham College, North Notts College and Dearne Valley College

Time is something we all have, but what it means to us and how we use it differs so much between us. It can mean time for ourselves, to grow, reflect, and develop skills. It can mean time for others, for socialising, making lifelong friendships, or caring for family. But no matter what our goals are, it takes time to achieve them. And we want your time with us to help you realise your aspirations.

We challenge you to achieve everything you want to do and will support you on your journey of life-changing learning. With us, you can spend your time wisely, putting your passion into practice in our first-rate facilities, all whilst being taught by our industry-experienced tutors. You'll be able to learn in environments that simulate the real world, on courses that have been designed in close collaboration with our wide network of local and regional employers.

Of course, College isn't just about 'studying'. During your time with us, you will benefit from access to enrichment programs, clubs, social action projects, and memory-making overseas trips. You can also make your voice heard by taking part in our Student Union.

How you use your time is one of the most important things you'll ever decide. We are so excited that you are considering spending it with us to take your next step on your learning journey.

DIRECTOR OF CAMPUS WELCOME

WELCOME TO ROTHERHAM COLLEGE.

Keith Sanderson

Keith Sanderson
Director of Campus
Rotherham College

The College sits in the heart of your community and is a place for you to learn, develop and become the absolute best that you can be. Whatever your interest, whatever your starting point and whatever goals and dreams you have in life, our college will help you to realise your unlimited potential.

College is a place to express yourself and to study a subject that you are passionate about. Throughout your time with us we expect you to challenge yourself, to grab every opportunity that comes your way and most importantly, to enjoy your education and make a lifelong commitment to learning.

College is also a place to make friends, memories and to work alongside our amazing team, who will mentor, support and help you to meet your goals.

You will have access to our incredible facilities in which you will be able to develop the knowledge, skills and behaviours that you need to be successful.

This is your college, it is your community and this is the start of your learning journey with us. We are so pleased you are considering studying here and look forward to seeing what your future holds.

WE ARE Rotherham College

YOUR CAMPUS

Based in the heart of Rotherham's town centre, we specialise in providing career-focused training and education. We have industry-standard facilities and courses which are designed alongside local employers so that you can learn the most sought after skills required within your chosen industry and start your career a step ahead.

We serve a variety of local communities and provide an easy-to-use student bus service. Studying in the centre of town also gives the opportunity to have fun with your new peers, through exploring local cafes, shops and social spaces.

STUDY WITH US

Our courses include a variety of levels to suit all abilities - from entry-level to degree-level - as well as a range of apprenticeships.

You can choose from a wide range of subjects including:

- Art, Graphic Design and Fashion
- Business, Retail and Tourism
- Catering and Hospitality
- Computing and Digital
- Construction (Bricklaying, Carpentry and Joinery, Plumbing and Electrical)
- Education and Childcare Services
- Engineering
- English and Maths
- English for Speakers of Other Languages (ESOL)
- FLEX - Dedicated department for students with Special Educational Needs
- Games Animation
- Hair and Beauty
- Health and Social Care
- Media Make-up
- Media and Photography
- Music
- Performing Arts

APPRENTICESHIPS

Many of these courses are offered as apprenticeships, which you can find at rotherham.ac.uk/apprenticeships. Apprenticeships are a great way to earn while you learn, as well as being a fantastic opportunity if you are more of a hands-on learner. Whether you stay within the company after your apprenticeship, or move on to somewhere new, it is an easy way to get your foot in the door in a well-paid career. More information is provided on pages 32-33.

YOUR FACILITIES

Our courses are delivered within industry-standard facilities, which allows students to develop practical experience preparing them to thrive in their chosen career. Learning within these environments will ensure you are workplace ready and allow you to:

- Build confidence and perfect your performance within our in-house theatre
- Prepare for a culinary career in our commercial training restaurant, The Wharnclyffe
- Sharpen your hairdressing, beauty therapy and nails skills in our commercial on-site training salon
- Build foundations for a successful career in bricklaying, joinery, plumbing or electrical installation, some of which are housed in our dedicated construction centre

As well as excellent courses and learning facilities, we offer plenty of spaces for you to relax and socialise with friends. There are two on-site cafes serving a wide range of food and drinks (including Starbucks), and a theatre where you can watch our music and performing arts students put on shows and perfect their craft. The town centre also has a local market and plenty of independent shops and cafes to explore.

HELPING YOU SUCCEED

All courses are delivered by specialist tutors, many of which have worked or still work in the industry they teach. They bring invaluable expert knowledge and a breadth of experience to their teaching, and a passion for the development and achievements of their students.

We work extensively with employers within key industries to ensure our courses meet local and regional skill needs. This not only means students are equipped with the skills employers are looking for when they finish college, but also offers them the opportunity for work experience and potential future employment.

As well as plenty of support to launch your dream career, we provide a direct pathway to Higher Education at University Centre Rotherham (UCR), also part of the RNN Group, for those interested in studying a degree close to home with familiar tutors. UCR is a dedicated university centre offering degree-level courses and professional training to the local community of Rotherham.

For more information about Rotherham College, please visit rotherham.ac.uk

YOUR College Experience

STUDYING AT COLLEGE CAN BE AN EXPERIENCE LIKE NO OTHER.

We provide plenty of opportunities to try new things, and most importantly have fun. At College you'll have more freedom, learn new skills and build friendships to last a lifetime.

BECOME A STUDENT AMBASSADOR

As a college student, you'll have a lot more free-time on your hands. Now's the perfect time to enhance your CV and lend a hand as a student ambassador.

As an ambassador, you get paid to help out at College Open Events, give tours and go out to local schools to speak to potential students. Becoming a student ambassador will not go unnoticed to future employers.

ENJOY HEARING FROM GUEST SPEAKERS

As well as being taught by top-class tutors, throughout the academic year you'll have the chance to hear from guest speakers from industry professionals who work for some of the top organisations in their field and help provide you with a unique insight into your future profession.

ENRICHMENT

Make the most of your free time and meet friends for life with our fun extracurricular activities, including cross college sports days, World Skills UK competitions, charity events, fun runs, book clubs and much more, such as:

- College sports days and inter college sports competitions
- World Skills UK Competitions
- Fitness classes
- Charity Events
- Fun runs
- Sports clubs including football and rugby
- Book Clubs supported by the Library
- Gym sessions
- Preparation for Life including personal budgeting, building positive relationships
- Football club
- LGBTQ+ club
- Environment and sustainability Group
- Gaming
- Warhammer
- Pilates/Yoga
- Social table tennis
- Performing arts
- Movie Club
- Debate sessions
- Community Champion club

INDUSTRY PLACEMENTS

We work closely with businesses across the region to not only develop our curriculum and facilities, but also to help you get your foot in the door. Through our industry placements you can start climbing the career ladder and gain invaluable experience - perfect for building your CV.

ERASMUS/TURING SCHEME

Another important part of your experience would be to be getting involved with our Erasmus scheme. This once in a lifetime opportunity is a voluntary scheme in which you would be able to travel abroad and participate in work experience to give you the knowledge and international experience of different cultures and workplaces.

This is an unforgettable experience to take part in. Previous placements have included Italy, Malta and Spain.

TRIPS AND EXCURSIONS

Off-campus learning is key to life at college. Whilst studying, you and your classmates will have the opportunity to go on exciting trips and excursions to businesses, attractions, universities and more. Former students have visited places such as St. George's Park, home to England's football team. They have also visited Wentworth Woodhouse, Manchester Airport and many, many more.

Learner Experience

GETTING STARTED IN SEPTEMBER

WELCOME WEEKS

During our welcome weeks, you can find out more about the activities and enrichment opportunities available. If you find that we have not got something for you and your interests, visit the reception and they will put you in touch with the person who can help you get your interest or club up and running.

CAREERS ADVICE AND SUPPORT

Rotherham College has dedicated Careers lounges for you to seek advice, guidance and help throughout your time at college with your next step when you have finished your course or courses with us.

Expert staff can support you with plans, CV writing, cover letter writing, interview technique and general careers guidance.

Sustainability

WORKING TOWARDS A GREENER FUTURE

Sustainability is central to how we operate at Rotherham College and the RNN Group, something that all staff and students contribute to.

We have set a target of 2050 to achieve net zero carbon emissions from our campuses. We are following the EAUC/ AoC Climate Action Roadmap for UK FE Colleges. We are a signatory to the Rotherham Together Partnership Climate and Nature Charter. As educators we have a duty to teach our students about sustainability, and our campuses should show our students what a sustainable organisation looks like.

THE SUSTAINABLE THINGS WE DO

ENERGY AND UTILITIES

The Group uses solar PV arrays and wind turbines to provide zero-carbon electricity and ground- and water- source heat pumps to provide low carbon heating. We are installing LED lighting systems combined with sensor technology to reduce electricity consumption. We use rainwater capture to supplement our mains water use and have other water-saving devices installed.

TRAVEL AND TRAVEL REDUCTION

Zeelo, our Transport Partner, is the first global bus platform to offer 100% carbon neutral services. Since September 2022 Zeelo has helped us to save 10.01 tonnes of CO₂ on commuting to college campuses, replacing 2,853 car journeys.

We operate a number of charging points for electric vehicles for use by staff and students. We have a salary sacrifice scheme for bike users, bike boxes for secure cycle storage and shower facilities for bike users. We encourage staff to meet virtually where the business allows to reduce travelling between sites and there are hybrid working opportunities for most staff.

RECYCLING AND UPCYCLING

Our students run clothing library rails across the Group for pre-loved clothing to be picked up by another learner. Wood, metal, and plaster is recycled from our construction departments, with bricks and lime mortar being reused. Cardboard and paper, bottles and cans are recycled. Food waste is collected to provide biogas for energy generation off site.

We are a Google Reference College and through the use of Google Workspace for Education, we have significantly reduced our paper use by opting for electronically available education materials.

ENVIRONMENT AND SUSTAINABILITY COMMITTEE

Our leadership team discuss and provide a steer on sustainability matters at the highest levels of governance.

GO LOCAL

We make a principle of using local contractors and partners in our supply chain. We have strong links with the local communities in which our students and staff live.

PRINT AND PAPER

We now use non PVC banners and all our printed literature is FSC graded or recycled. We have reduced the number of physical prospectuses in favour of using QR codes linked to our digital prospectuses.

FLORA AND FAUNA

We plant wildflower areas at our campuses and participate in 'No Mow May'.

We have wildlife gardens, 10 acres of woodland, and Dearne Valley College is a "Hedgehog-friendly" campus. We also participate annually in the RSPB Big Schools Bird Watch.

RNN GROUP SUSTAINABILITY

Designed by Student Gracie Firth.

"My logo design consists of a leaf in 4 sections, each representing the four colleges and university buildings in RNN Group. I hope that my logo can help staff and students to recognise environmental issues and how we can play a part in reducing them."

Gracie Firth
Graphic Design Student

Wellbeing Support

WELLBEING IS AT THE HEART OF OUR COLLEGES AND VALUES

Rotherham College recognises and places a great importance on mental health awareness and wellbeing for all members of our community – both students and staff.

We have a dedicated Student Support Team at Rotherham College, who offer help and support to students who may be experiencing difficult/challenging times in their personal worlds.

PEOPLE SEEK OUR TEAM'S SUPPORT FOR MANY REASONS SUCH AS EXPERIENCING:

- Anxiety, stress and panic attacks
- Feeling overwhelmed in public settings
- Low mood
- Loss and bereavement
- Disturbing and unwanted thoughts and images

- Poor sleep
- Relationship difficulties
- Identity and Self-image issues
- Abuse/bullying
- Addictive behaviours (including substance abuse)
- Past trauma
- Troublesome repetitive behaviours
- Self-harming
- Frequent or troublesome issues with anger
- Concerns about living with physical illness/conditions
- Housing difficulties/problems at home
- Financial worries
- Our Student Support Team offers Mentoring, Counselling, and Safeguarding.

NATIONAL FREE COUNSELLING SERVICES AND TALKING SERVICES

Kooth

Kooth is a free, safe and anonymous online chat and emotional wellbeing service for young people aged 11 to 25. This is a free Counselling Service.

www.kooth.com

Qwell

Free, safe and anonymous mental wellbeing support for adults across the UK. This service is available from 18+

www.qwell.io

Samaritans

To speak to someone call: 116 123 (free from any phone)

www.samaritans.org/branches/rotherham

MENTORING

Mentoring tends to be the first point of contact normally when accessing our team.

Mentoring offers:

- A safe space to offload, puzzle over, and work positively toward managing life issues and emotionally upsetting times
- Links to Health Support, Social Support and Primary/Secondary Care
- Practical support with housing and financial applications, and travelling to college issues
- Appropriate advocacy – when a learner may need support linking with other teams/organisations within college and sometimes with external agencies
- A place to discuss the possibility of a referral to counselling, if counselling has been requested or advised
- Safety and Welfare: Mentors and Welfare Officers will always work to keep students and the community safe and are all fully trained safeguarding staff
- Wellbeing advice including sexual health, self-care themes and self-help information

COUNSELLING

Counselling offers:

Professional Counselling – all counsellors have professional membership and follow an ethical code of practice

A safe, private and confidential space to explore often deeper, complex or more troublesome issues in a more methodical and structured way

Various choices for the student/client to make in how their counselling process progresses and which methods/models work best for each individual (Tailored approach)

The chance of developing a useful, positive and supportive relationship whilst working through concerns

SAFEGUARDING

You can contact the College Safeguarding Team (during college open hours) by:

- Contacting the team on safeguarding@rnngroup.ac.uk
- Ask for Safeguarding at the College reception desk
- Or call reception on 01709 362111 and ask for Safeguarding

Important! In a mental health crisis, at any time, day or night, you can:

- Contact the NHS Crisis Team on 0808 196 3779 – available to anyone in mental health crisis 24/7 anywhere across the South Yorkshire / Nottinghamshire area
- Call 111 (call 999 directly if emergency)
- Contact your GP
- Go directly to the nearest A&E (Emergency Department)

Student Support

SAFEGUARDING AND SUPPORT SERVICES

Across all of our campuses we offer a range of services and support to help you with all aspects of student life as well as helping you overcome any difficulties.

Our Student Services, Safeguarding and Health and Wellbeing teams offer a series of services, including:

- Career and progression guidance
- In-class support
- Mental health and well-being support
- Enrichment activities and events
- Support and guidance on personal and welfare issues

If you would like additional learning support we have a dedicated team who can agree your tailored support plan to help you make the most of your college experience and reach your full potential. **This includes:**

- One-to-one support
- Access to assistive technologies
- Transition support
- Support with exams
- Specialist support team for SEND students

FREDIE

FREDIE stands for Fairness, Respect, Equality, Diversity, Inclusion and Engagement, and for Rotherham College it is the backbone of a truly inclusive culture.

Diversity is good for business and diverse workforces are collaborative, creative, and are more understanding of diverse market needs.

We want everyone whether staff, students or parents carers to feel they belong to a fair College that fosters inclusion through identifying common ground

and finding opportunities for connection by recognising a fundamental need for respect that all human beings can understand and appreciate.

For more information visit:
nationalcentrefordiversity.com/meet-fredie

FINANCIAL SUPPORT

We have a number of support schemes available to take the financial pressure off, so you can enjoy your college experience and focus on your studies.

STUDENTS AGED 16-18

When starting a college course, students are not subject to any course fees and parents or carers will be eligible to claim benefits to help you out during your time at College.

Our dedicated Finance Team are here to help you throughout your studies. You can receive help with:

- Bursaries and course-related costs
- Travel passes
- Childcare queries
- Application queries

16-18 COLLEGE BURSARY

You may be eligible to receive a contribution towards costs including:

- Travel
- Equipment
- Uniform
- Meals

For more information speak to a Learner Finance Officer in Student Services.

STUDENTS AGED 19+

Students aged 19 and over may need to pay fees towards their education. These fees are based on the level of funding provided by the Government. Many adult students are entitled to financial support, please contact Student Services to find out if you are eligible. You may be eligible to receive support including:

- Advanced Learner Loans
- Travel costs
- Childcare costs
- Awarding body and tuition fees
- Other associated study costs

What our Students say

“I love being creative and being able to make new friends on my course. I’d recommend this course to anyone because it is extremely enjoyable.”

Levi Wright

Level 2 - Digital Interactive Technologies: Games and Animation

Former student at Saint Pius X Catholic High School

“I love being able to further my musical knowledge on my course. The College is such a vibrant and friendly place too.”

Adam Moore

Level 2 - Music

Former student at Newman School

“I enjoy all of the production aspects on this course. It is very practical and lots of fun. Our tutors provide us with lots of opportunities to perform outside of College.”

Dillon Batey

Level 3 - Performing Arts: Dance and Musical Theatre

Former student at Winterhill School

“I enjoy being able to create my own clothes. I chose this college as the Fashion department is amazing and it has the equipment for me to make couture dresses.”

Ellen Stockdale

Level 3 - Fashion

Former student at Wickersley School and Sports College

Your Study Options

Whether you're leaving school or returning to education, college is an exciting time filled with new experiences and gives you the freedom to choose your next step.

At Rotherham College we have a number of options for your post-16 choice including technical courses, T Levels and apprenticeships. You will acquire hands-on experience in a subject that interests you, allowing you to develop the industry skills and knowledge needed to begin a successful career.

Throughout this course guide your options will be explained to help you make an informed decision. If a number of options spark an interest, you can apply for more than one and you don't have to decide until you get your GCSE results in August which route you wish to take.

If you would like to discuss your options further get in touch with us on schoolevents@rnngroup.ac.uk

TECHNICAL COURSES

Technical courses are specialist courses focusing on one subject area. These courses come in a range of different course areas and provide you with all the practical skills and knowledge needed in your future career. On a technical course, you usually spend around three days-a-week studying your chosen course, with the rest of the time free to complete assignments, undertake work experience or pursue a hobby.

You may know technical courses as BTECs, NVQ and VRQs, with different courses available at a level to suit each student.

T LEVELS

T Levels are similar to technical courses, as they provide specialist training in a given area. The difference between the two is that T Levels include an in-depth industry placement that lasts at least 45 days.

APPRENTICESHIPS

An apprenticeship is a paid job where you will receive practical training and work alongside experienced staff. You will be in a real working environment, gaining employability skills and knowledge of an industry-sector.

As an apprentice, you'll work towards a nationally recognised qualification and typically spend four days a week in the workplace and one day a week at College.

Apprenticeships are competitive like any job so it's worth having a college course as a back-up option.

CASE STUDY

William Edwards

Level 3 Electrical Apprenticeship

“I enjoy coming to College because I get to work practically in a social environment which will provide me with the qualifications I need as an Electrician.”

CASE STUDY

Oliver Morris

Level 3 Performing Arts (Acting)

“I love the facilities here at College. The in-house theatre that we get to perform in is amazing!”

Course Levels

EXPLAINED

Our courses are offered in a variety of different levels, we refer to them as **Introduction Skills (Entry Level 1 – Entry Level 3), Level 1, Level 2 and Level 3 courses.**

Below is a table that explains what our typical entry requirements are, the course duration and what each level means to help you find a starting point.

YOUR EXAM RESULTS OR PREDICTED GRADES	YOUR STARTING POINT AT COLLEGE	TYPICAL DURATION	WHAT THIS LEVEL MEANS
5 GCSEs at grade 4 or above	T Levels	Two years	T Levels are a level 3 course which offer students a mixture of classroom learning and an industry placement of 315 hours (45 days). Equivalent to three full A-Levels.
OR			
A relevant Level 2 qualification	Level 3 course	A one or two-year course	Our Level 3 courses allow you to start to gain greater knowledge and learn advanced skills in your chosen industry.
	Level 3 Apprenticeship	Typically lasts 18 months to two years	A two-year Level 3 course is the equivalent of three full A-Levels.
4 GCSEs at grade 3 or above	Level 2 course	A one-year course	Our Level 2 courses allow you to specialise in your chosen industry.
OR			
A relevant Level 1 qualification	Level 2 Apprenticeship	Typically lasts one year	This provides a great foundation to build skills, knowledge and behaviours required for your chosen industry.
GCSEs at grade 2 or below	Level 1 course	A one-year course	Our Level 1 courses give you the chance to explore a range of areas within your chosen industry, helping you to progress to Level 2.
No GCSEs or pre-GCSEs	Introduction skills (Entry Level 1 – Entry Level 3 courses)	One-year per level	Our Entry Level courses introduce you to a subject area and are taught alongside other employability skills.

GRADING

Qualifications are now graded 9-1 rather than A*-G, with a grade 9 being the highest and grade 4 being an acceptable pass.

CURRENT GRADING STRUCTURE	FORMER GRADING STRUCTURE
9	
8	A*
7	A
6	
5	B
4	C
3	D
2	E
1	F
U	U

If you would like advice on what level is most suitable to you, please contact us on schoolevents@rnngroup.ac.uk

ENTRY REQUIREMENTS

If you haven't achieved GCSE maths and English at grades 4 or above you will undertake these qualifications alongside your main programme. In addition to qualifications, you should also have genuine interest in the area you wish to study.

The table on page 22 shows our typical entry requirements. Some courses have additional entry requirements, which are listed throughout this guide. You can also find more information on our college websites.

PROGRESSION

After completing a Level 3 qualification you could progress into employment, further training or Higher Education.

We have Higher Education courses ranging from Level 4 to Level 7 available at our college campuses and our dedicated Higher Education campus, University Centre Rotherham (UCR). This includes Foundation Degrees, HNCs, HNDs, BA/BSc Honours and more.

WHAT IS A Technical Course?

Technical courses are designed to help you to develop the skills and confidence to succeed in your chosen career. You will be taught by tutors with industry skills and experience and you'll learn in high-quality, purpose-built facilities that simulate a real working environment.

Technical courses at Level 3 are equivalent to A-Levels and are worth UCAS points, which means you can progress onto university after completion. They are mostly assessed by project work across the year and can involve some exams and tests depending on the qualification.

Vocational courses have many different names such as BTECs, NVQs (National Vocational Qualifications) and VRQs (Vocationally Related Qualifications) that are available at different educational levels.

Technical courses at Entry, Level 1 and Level 2 also help students develop their skills and move towards work or higher-level courses.

At College, students have lots of contact with employers and businesses through work experience, talks, visits or real-life projects. Graphic design and Photography students have recently created a series of designs for Wentworth Woodhouse to engage a younger audience to visit as well as having their work showcased at the We Wonder Noir festival.

Our students go on trips to bring their subjects to life. For example, Business, Retail and Tourism students went to Clifton Park Museum to complete their tour guiding and storytelling project as they guided staff around the museum and explained the history and origins of the site.

Students may also be involved in activities that develop skills of enterprise and entrepreneurship demonstrated by our games animation students, who hosted a games play fundraiser afternoon to raise money for Rotherham Hospital's Children's Ward.

As well as brilliant skill-developing activities, students also take part in fantastic competitions such as the yearly inter-college championship where Rotherham College and Dearne Valley College compete against Grimsby Institute in over 30 subject areas.

T-LEVELS

THE NEXT LEVEL QUALIFICATION

WHAT ARE T LEVELS?

We will be delivering T Levels from September 2023 which offer students a mixture of classroom learning and an industry placement of 315 hours (45 days) where you will be fully integrated into the workplace.

T Levels are two-year technical programmes, designed with employers, to give young people the practical skills and knowledge that industries need. The 'T' stands for technical and they are an alternative to A-Levels. One T Level is equivalent to 3 A-Levels and will be assessed using a mixture of practical tasks, projects and exams.

We will be offering T Levels in Construction, Digital, Education and Childcare and Health and Science.

Please check our website for the latest information.

Higher Technical Qualifications

HIGHER TECHNICAL QUALIFICATIONS (HTQS) ARE SPECIALIST TECHNICAL COURSES DEVELOPED WITH EMPLOYERS AND DELIVERED BY INDUSTRY EXPERTS.

WHAT ARE HTQS?

HTQs have been developed in partnership with employers and are delivered by industry experts and focus on the skills, knowledge and behaviours that are in-demand by employers.

They can also act as a stepping stone to further study, such as an apprenticeship or undergraduate degree. Whether you're looking to take the next step in your chosen career or want to retrain into a new industry, an HTQ can help you gain the skills you need for a specialist technical job.

The first HTQs, focussing on digital sector subjects like Cyber Security or Software Development, began teaching in September 2022.

New qualifications in Health and Science and Construction, began teaching in September 2023, with more sectors coming soon.

WHAT WILL I ACHIEVE?

By completing an HTQ you will also achieve a Level 4 or 5 qualification in your subject area. These technical qualifications include Foundation Degrees, Higher National Certificates and Higher National Diplomas.

The courses are classroom-based with the opportunity to learn practical skills through workshops, role playing exercises, or using industry facilities.

COURSE DURATION

On average an HTQ will take between 1 and 2 years to complete if studying full-time. Flexible options such as part-time, online and learning through short courses may also be available.

HTQs are provided by universities, Institutes of Technology, local colleges and independent providers.

ENTRY CRITERIA

Many providers will have their own entry criteria, such as minimum GCSE or A level (or equivalent) requirements. If you don't have GCSEs or A levels, you may be eligible for an HTQ through an Access to HE course.

COURSES AVAILABLE

Rotherham College:

- Construction Management (Site Supervisor) HTQ
- Diploma in Cybersecurity (HTQ)
- Diploma Data Analyst (HTQ)

North Notts College:

- Commercial Procurement and Supply (HTQ)
- National Certificate in Digital Technologies Software and Programming (HTQ)

Dearne Valley College:

- Health Science Associate Diploma (HTQ)
- FdSc Assistant Practitioner (HTQ)

From September 2023, University Centre Rotherham, Rotherham College and Dearne Valley College are offering HTQs in digital, construction and health and science.

Email careerscoaches@rnngroup.ac.uk for further information.

WHAT IS AN Apprenticeship?

WITH AN APPRENTICESHIP, YOU CAN EARN WHILE YOU LEARN, RECEIVE TRAINING AND DEVELOP SKILLS WITHIN YOUR CHOSEN INDUSTRY SECTOR.

93%
OF APPRENTICES REMAIN EMPLOYED ON COMPLETION

2.2M
PEOPLE HAVE STARTED AN APPRENTICESHIP SINCE 2015

80% **OF AN APPRENTICES TIME IS SPENT AT THE WORKPLACE AND 20% DOING OFF-THE-JOB LEARNING**

APPRENTICESHIPS IN PRACTICE

As an apprentice, you are a paid employee, who receives training and education in combination with gaining work experience, where you have a contract of employment and employer rights, such as paid annual leave.

Apprentices work towards a nationally recognised qualification and typically spend four days a week in the workplace and one day a week completing off-the-job training, this is typically (but not always) at College.

APPRENTICESHIP LEVELS

Apprenticeships offer a wide range of different levels to meet the fluctuating demands of each level of business. We provide apprenticeship options ranging from Level 2 to Level 6, all taught by our team of industry-experienced staff.

Type	Level	Equal Educational Level
Intermediate	2	5 GCSEs at grades 9-4
Advanced	3	2 A-Levels
Higher	4, 5	Foundation Degree
Degree	6	Bachelor's Degree

APPRENTICESHIP SALARIES AND BENEFITS

As an apprentice, you are entitled to earn a salary of at least the National Minimum Wage for apprentices, which is currently £6.40 (as of April 2024 - Updated annually on the 1st of April).

A lot of employers choose to pay their apprentices a higher salary than the National Minimum Wage.

As an apprentice, you are also entitled to paid holiday, sick pay, support in the form of mentoring or coaching and benefit schemes such as childcare.

£6.40
APPRENTICESHIP NATIONAL MINIMUM WAGE

OUR APPRENTICESHIPS

Our apprenticeships last anywhere from 12 months to four years and are available to anyone over the age of 16, with no upper age limit.

We offer apprenticeships in the below areas:

- Business Administration
- Construction
- Early Years and Education
- Engineering
- Hairdressing
- Health and Social Care
- Hospitality
- Management
- Motor Vehicle

We make every effort to ensure information within our College course guide is accurate and a true representation of the courses and apprenticeships we are offering in 2024/25. However, we do reserve the right to make changes if necessary.

Construction

Including Building Services, Brick, Joinery, Electrical, Plumbing and Design and Surveying and Planning

At Rotherham College you can build your career in construction and learn a hands-on skilled trade that will prepare you for this exciting and varied industry.

We offer training in all the main construction trades including courses and apprenticeships in bricklaying, carpentry and joinery and plumbing.

There are fantastic opportunities to showcase your skills at competitions and get involved in real-life projects, which will help you develop your CV and enhance your employability. You'll be supported by industry experienced tutors and have the opportunity to complete an industry placement, which will help to develop your employability skills and build your network of contacts.

BRICKLAYING

You'll learn all the key skills for being a Bricklayer: constructing half brick and solid walling, cavity walls, arches and solid wall piers, decorative fireplaces and chimney stacks. Other skills include, brick bonding, trowel skills and building complex masonry.

Alongside practical skills you'll also study health, safety and welfare and site procedures in construction. You'll meet key employers in the trade and carry out work experience.

OUR DEDICATED CONSTRUCTION CENTRE PROVIDES YOU WITH THE BUILDING BLOCKS FOR YOUR FUTURE.

CARPENTRY AND JOINERY

You'll learn how to use wood machinery and power tools, explore all aspects of kitchen fitting, building partition walls, fitting door linings and fitting doors, modern truss roof construction, timber floor and technology and roofing techniques.

ELECTRICAL INSTALLATION

You will gain hands-on knowledge and skills of domestic electrical installations allowing you to work towards a career as an Electrician. You will need to achieve a Level 2 and Level 3 course as well as a competency-based qualification to be a fully qualified Electrician.

PLUMBING

Our Plumbing courses will prepare you for work in the domestic and industrial sectors. You'll learn a range of practical skills-based units, depending on the level of the course, plus a variety of bending and jointing techniques, fitting central heating systems, fitting underfloor heating, environmental technologies and gas. Our students also enjoy visits to local employers where they see real-life projects in action.

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

PATHWAYS

Level 1	Bricklaying Carpentry and Joinery Construction Skills (Adult Course) Electrical Installation Plumbing Plumbing Foundation (Adult Course)
Level 2	T Level Foundation in Bricklaying T Level Foundation in Carpentry and Joinery T Level Foundation in Electrical Installation Electrical Installations - Building and Structures (Adult Course) T Level Foundation in Plumbing Plumbing Foundation (Adult Course) Retrofit (Adult Course)
Level 3	Bricklaying Carpentry and Joinery Electrical Installation Electrical Installations - Building and Structures (Adult Course) Plumbing and Domestic Heating Apprenticeship T Level in Site Construction T Level in Building Services Engineering
Level 4	HTQ Site Supervisor
Your level will be discussed at interview	

Bricklaying

BRICKLAYING

The aim of the scheme is to prepare students for work in the bricklaying trade. It provides a progression route towards achieving an NVQ or Diploma/Technical Certificate.

The scheme also enables the students to acquire and demonstrate both practical skills and construction knowledge giving:

- An ability to perform practical tasks, related to bricklaying.
- The necessary competence in practical, communication and task planning to the industrial standards

WHAT WILL I STUDY?

- Brickwork
- Construction Health and Safety
- The Construction Industry
- Setting Out Masonry Structures
- Construct Solid Walls
- Construct Cavity Walls

WHY STUDY HERE?

Excellent staff who are qualified to industry standards, knowledge and experience of working within the construction industry and experience in teaching brickwork in college to SkillBuild competition standard.

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

- Fully Qualified Bricklayer
- Site Supervisor
- Junior Contracts Manager

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

Carpentry and Joinery

CARPENTRY AND JOINERY

Carpentry and joinery forms a vital part of the construction industry in the country and has two main component parts which are site and bench.

WHAT WILL I STUDY?

Bench joiners are the manufacturing side of the business who provide standard and bespoke joinery components such as stairs, doors and retro fit wooden windows for the graded buildings all to architect specifications that feed directly into the building industry.

Site joinery follow the bricklayers and construct the main carcass of the building including the roofs, floors, walls and stairs which is known as first fix. Second fix comes into play once other trades have completed theirs and includes hanging doors, fitting skirtings, mouldings and kitchens.

Maths and English naturally occur throughout these levels and is embedded to further develop the required level of skills.

All the skills required for the above disciplines are developed from Level 1 through to Level 3.

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

WHY STUDY HERE?

The study programmes at Rotherham College are overseen by tutors who have vast experience of the construction industry and have developed teaching techniques over many years to pass on this knowledge and we are always looking for new and innovative ways of developing this even further.

We work closely with the construction industry and find out exactly what the needs of employers are and how we can help them achieve those needs.

We have various methods of learning throughout the curriculum which includes using Google Workspace that is available for both college and independent study, workshop and group work which involves peer mentoring and support.

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

- Site Supervisor
- Site Manager
- Contracts Manager
- Heritage Site Restorer
- Self-employed Carpenter

Electrical

ELECTRICAL

Electric is essential to everyday life, from being able to wake up on time in the morning to retiring for the night, your life is connected with electricity. This can be identified by your routine, waking up with an alarm, boiling a kettle, traveling, (railway equipment, traffic lights, airport equipment) tv, cleaning equipment, hospital equipment, power tools. All these components require science.

Our courses enable you to develop your electrical knowledge, skills and behaviours to the highest level, preparing you for your future career or next level of study.

Becoming an Electrician will mean a continuous learning experience with the introduction of renewable technologies changing the society and world around us.

Within Electrical, we offer different levels of study:

- Structure of Construction Industry
- Fundamental Safe Working Practices
- Environmental and Sustainability Measures in Domestic Dwellings
- Site Preparation for Working in the Construction Industry
- Electrical Installation Wiring and Terminations
- Fabrication Techniques for Electrical Installation
- Electrical Science and Technology

WHAT WILL I STUDY?

- Health and Safety and Industry Practices
- Electrical Science
- Electrical Installation
- Electrical Technology
- Planning and Overseeing Electrical Work Activities
- Principles of Electrical Science, Electrical Design and Installation Practices and Procedures
- Principles of Inspection, Testing and Commissioning Electrical Systems
- Inspecting, Testing and Commissioning Electrical Systems
- Electrical System Fault diagnosis and Rectification

WHY STUDY HERE?

Rotherham College offers industry recognised qualifications in two spacious Electrical workshops designed for unique levels. All our courses are delivered by experienced industry trained specialists who are continually assessed to current standards, who can offer careers advice and have links to the industry.

Our curriculum is designed with input from local employers to ensure we are providing the essential skills needed by the local community and the surrounding area. Through the Google Workspace, we encourage independence to develop essential skills required to be successful in your chosen career.

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

- Apprenticeship
- Higher Education
- Electrical Engineer
- Security Systems Installer
- Self-employed Electrician

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

Plumbing

PLUMBING

Plumbing is a vital part of everyday life, no matter what you do, from waking in the morning to retiring for the night, your life has been merged with the plumbing industry. This can be highlighted by your routine, you drink cold water, you wash with hot water and you keep warm with central heating. Sanitation, science and rainwater recycling systems are also part of the plumbing industry and impact upon people's daily lives.

Our courses enable you to develop your plumbing knowledge, skills and behaviours to the highest level, preparing you for your future career or next level of study.

Becoming a Plumber will mean a continuous learning experience with the introduction of renewable technologies changing the society and world around us.

WHAT WILL I STUDY?

Within Plumbing, we offer different levels of study, All these units require assessments of various forms, written, practical and scenarios and case studies. All courses will include varying levels of sector specific Maths and English.

- Basic material fabrication
- Copper
- Low Carbon Steel
- Plastic pressure pipe
- Waste water drainage systems
- Environmental and Sustainability
- Health and Safety
- Plumbing Science

Once familiar with the basics, we move to:

- System Plumbing
- Processes'
- Cold Water and Hot Water
- Central Heating
- Sanitation and Drainage
- Environmental technology and system planning and design.

WHY STUDY HERE?

Rotherham College offers industry recognised qualifications in a spacious plumbing workshop. All our courses are delivered by experienced industry trained specialists who are continually assessed to current standards, who can offer careers advice and have links to the industry.

Our curriculum is designed with input from local employers to ensure we are providing the essential skills needed by the local community and the surrounding area.

Through the Google Workspace, we encourage independence to develop essential skills required to be successful in your chosen career.

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

- Apprenticeship
- Higher Education
- Heat Pump Engineer
- Gas Service Technician
- Self-employed Plumber

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

CASE STUDY

Jordan Stevens

Plumbing - Former Student of Saint Pius Catholic School

“I really enjoy the practical side of my course and being able to build things and watch it all work. After my course, I’m planning to become self employed.”

Future Careers...

IN CONSTRUCTION

The construction sector is ideal for those who like working outside, enjoy working practically and the ability to use their own initiative.

CONSTRUCTION MANAGER

Construction Managers organise building projects to make sure they’re completed safely, within budget and on time.

Average salary - £46,000**

Day-to-day tasks:

Review plans with architects, surveyors and engineers, hire staff and make sure the site has the materials it needs, organise work schedules, monitor building progress and costs, check the quality of the work your team has done, report progress to clients, partners and local communities, maintain and promote health and safety.**

Working environments:

On a construction site or at a client’s business.**

BRICKLAYER

Bricklayers build houses, repair walls and chimneys and refurbish decorative stonework. They also work on restoration projects.

Average salary - £28,500**

Day-to-day tasks:

Measure work areas and set out the first rows of bricks or blocks, mix mortar by hand or with a mechanical mixer, use a trowel to lay bricks and mortar, shape and trim bricks using hammers, chisels and power tools, check that rows are straight using a spirit level, laser level or plumb line.**

Working environments:

On a construction site or at a client’s business.**

In-demand skills that commonly appear in job descriptions for roles within the construction sector include*:

- Communication
- Management
- Planning
- Customer Service
- Leadership

FLIGHT

This programme focuses on the flight elements of aviation and working within the airline industry.

PATHWAYS

Level 3

Aviation Operations
Flight

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

Aviation

Including Aviation Operations and Flight

AVIATION OPERATIONS

Students will develop leadership skills, operational skills and an understanding of aviation terminology. Students will develop the necessary knowledge, skills and behaviours which will enable them to progress in to an exciting aviation career. Students will also receive access to our flight school and the opportunity to experience life on a functioning aviation facility.

WHAT WILL I STUDY?

- UK Aviation
- Health and Safety in Aviation
- Security in Aviation
- Inter-relationships within UK Aviation
- Development of the UK Aviation Industry Since 1945
- Aviation Geography and Terminology
- Customer Service in Aviation
- Team Leadership
- Managing Conflict in Aviation
- Marketing in the Aviation Industry
- E-Business for Airlines
- Human Resources in Aviation
- Prep for Employment in Aviation
- Airport and Airline Operations
- Passenger Terminal Management Within the Aviation Industry
- Research issues in Aviation
- Handling Air passengers
- Airfield Operations
- Bird and Wildlife Control on Airports and Airfields

WHY STUDY HERE?

- Access to our exclusive flight school
- Industry based staff with access to a working airfield
- Great progression opportunities

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

- Airfield Operations Specialist
- Airport Security
- Airport Health and Safety Officer
- Passenger Services
- Marketing for Aviation

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

FLIGHT

Students will develop a broad knowledge of the aviation industry and develop the necessary knowledge, skills and behaviors to work within a variety of careers within the sector. Students will have access to a working airfield, learn from industry based staff and have the opportunity to take off on one of our flight experiences.

WHAT WILL I STUDY?

- UK Aviation
- Health and Safety in Aviation
- Security in Aviation
- Inter-relationships within UK Aviation
- Aviation Geography and Terminology
- Marketing in the Aviation Industry
- Prep for Employment in Aviation
- Airline and Airport Economics
- Environmental Impacts of Aviation
- Research Issues in Aviation
- Handling Air Passengers
- Ramp Handling
- Aircraft Dispatch
- Onboard Passenger Operations

- Aviation Communications
- The Principals of flight
- Aircraft Take-off and Landing Performance
- Flight Operations
- Airfield Operations

WHY STUDY HERE?

- Access to our exclusive flight school
- Industry based staff with access to a working airfield
- Great progression opportunities

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

- Passenger Services
- Flight Planner
- Air Traffic Control
- Airfield Operations Specialist

Future Careers...

IN AVIATION

The aviation sector provides opportunities for personal growth and development as well as exposure to unforgettable experiences.

TYPES OF ROLES AVAILABLE:

CABIN CREW

Air cabin crew follow instructions from the Pilot, ensure that airline passengers have a comfortable, safe and pleasant flight.

Catering and Hospitality

FOLLOW IN THE FOOTSTEPS OF YOUR FAVOURITE CELEBRITY CHEF OR TAKE THE REINS AND BECOME A RESTAURANT MANAGER – THE POSSIBILITIES ARE ENDLESS WITH OUR CATERING AND HOSPITALITY COURSES.

PATHWAYS	
Level 1	Catering and Hospitality Professional Cookery
Level 2	Food and Beverage Services Professional Cookery
Level 3	Hospitality Supervision and Leadership Professional Cookery

Your level will be discussed at interview

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

You will learn in a fast-paced environment, craft your cookery skills in the kitchen and perfect professional customer service skills with lunch, afternoon tea and dinner service. You will also be able to organise and cater for charity events and test your new skills in competitions.

All of our Catering and Hospitality courses are taught by tutors with years of industry experience who will pass their knowledge on to you to use within the classroom and beyond.

You will learn both the practical skills and the theory needed to work in the industry including training in both a kitchen and a front of house setting. You will learn everything from knife skills, food and beverage service and barista skills to pastry, confectionery and menu planning.

Catering and Hospitality

CATERING AND HOSPITALITY

The catering and hospitality sector employs over 2 million people in the UK, covering bars, restaurants, hotels, cafes and contract catering; and it's worth a whopping £4.5 billion to the economy. Many roles are dealing with the public, and so good people skills and an ability to remain calm are key qualities in this industry.

There are clear progression paths and you often have the opportunity to develop business skills and experience as you climb up the ladder. Running your own business is also a common occurrence in this sector, such as owning hotels or restaurants or as a catering supplier.

People with these skills also have plenty of opportunity to travel and work in holiday destinations all over the world, so carving a career in this sector provides a large number of possibilities.

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

A uniform will need to be purchased for both the kitchen and front of house before starting a Catering and Hospitality course. A list of uniform requirements will be issued following successful enrolment to this course.

WHY STUDY HERE?

The Hospitality and Catering department has a number of innovative and exciting course that can be tailored to your needs. We have programmes to suit all from the novice chef to a professional chef wanting to enhance their cookery skills at Level 3. We are part of the WorldSkills organisation, if you are selected to represent Rotherham College and are successful you could travel to destinations across the globe and compete against other chefs.

We have an exciting curriculum where you are given the opportunity to develop your key skills and behaviours throughout the academic year.

Creative Industries

*Including Media, Photography,
Visual and Performing Arts*

Our variety of art, graphic design and fashion courses offer students of all abilities the chance to let their imagination run wild, build key skills and develop knowledge to bring their creative talents to life.

You'll be encouraged and guided by our experienced, specialist tutors in industry-level studios and facilities, building your knowledge and expertise towards your creative career goals. Our fantastic facilities include dedicated studios for Art, Fashion and Graphics with 3D workshops, ceramics areas, a textile studio, kiln room and digital suites with industry-standard software.

You can enjoy talks and masterclasses from tutors and industry practitioners and visit national galleries such as Tate Liverpool and Yorkshire Sculpture Park, with a residential visit for Level 3 students to a major European city such as Barcelona, London, Madrid or Paris. You will also have the opportunity to showcase your work at our art and design exhibition and fashion shows.

Following completion of a Level 3 Art, Graphic Design or Fashion course you can go on to degree level study, undertake a creative apprenticeship, go into employment at a junior level within the creative industries or become a Freelance Artist, Graphic Designer or Fashion Designer.

ART AND DESIGN

We will give you the tools to become an Artist or Designer by setting challenges that will develop the creative thinking, problem solving, and practical skills required to be successful in the creative industries. You will build confidence to take risks, strengthen resilience, resourcefulness and self-reliance. You will gain a professional approach to a range of creative practices, with the support of our teaching team. You can take part in masterclasses from industry practitioners and gain valuable work experience.

FASHION

We will enable you to attain a career in fashion by setting challenges that will develop creative thinking, problem solving, and practical skills required to be successful in the fashion industry. You will build the skills and confidence to design and make your own garments and develop your creativity whilst learning to become self-reliant, independent and professional with the support of our teaching team.

GRAPHIC DESIGN

We will build your skills to help you become a Graphic Designer by setting challenges, and support you to discover your own design solutions. You will experiment with your creativity and explore the boundaries of graphic design, whilst learning to become self-reliant, independent and professional with the support of our teaching team. You'll develop key graphic design skills such as illustration, animation, Adobe suite, typography, drawing, printmaking, digital imaging and layout design.

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

Art and Design

ART AND DESIGN

Covering a vast range of skills and talents, art and design is a diverse subject that will help you turn your creative passion into a career. Whether you want to be the next Damien Hirst, animate for Disney, or you want to play a role in what the next Ferrari looks like, this subject will help you improve your talents and pursue your dream.

Art and design students are highly entrepreneurial and self-motivated, both qualities that you learn on your journey to becoming an artist. Our practical, hands-on courses encourage creative thinking and problem solving through the application of art and design skills, knowledge and technical understanding.

Our students go on to careers such as fine art, illustration, animation, textiles design, product design, ceramics, interior design, architect and more, to become part of a UK creative industry that is currently worth around £100 billion.

WHAT WILL I STUDY

You will learn the creative skills needed to solve problems as an Artist or Designer. Project briefs will set challenging and exciting scenarios that will involve researching, idea generation, media sampling and production of final artwork.

Workshop sessions will enable you to build skills in areas such as drawing, painting, printmaking, animation, 3D, ceramics, digital art, illustration, textiles and more. Key aspects of learning include how to use the formal elements of line, shape, space, form, tone, texture, pattern, colour and composition to communicate ideas.

You will explore visual language and different ways in which you can draw, paint, make and animate. You will identify your interests within art and design and develop your skills and a portfolio to ultimately forge a career in the creative industries. Our courses are 100% coursework based.

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

- You will work with industry-standard facilities and be taught by industry professionals.
- You will have access to professional standard studios and equipment including: laser cutting, screen-printing, 3D workshop, printmaking, ceramics and digital.
- Take part in educational visits to places such as to Yorkshire Wildlife park, Yorkshire Sculpture Park or galleries at major cities. With an opportunity to go on a residential visit to a European city on Level 3 courses.
- Assignment briefs will challenge and encourage you to develop your specialist skills in order to progress.
- Take part in workshops, educational visits and exciting opportunities for you to work on live briefs with partners such as Wentworth Woodhouse and Rotherham Train Station.
- Receive support with your UCAS application including portfolio-building sessions, interview preparation, writing your personal statement.

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

- Fine Artist
- Illustrator
- Animator
- Ceramicist
- Textile Artist or Designer
- Interior Designer
- Architect
- Product or Furniture Designer
- Jeweller Designer
- Art Therapist

Fashion

FASHION

Fashion can be viewed as a form of storytelling through self-expression, using clothes, footwear and accessories.

The fashion industry encourages creative thinking, experimentation, and making statements. The fashion industry is huge and consists of the brands you see on the high street and internet, to the glamorous and competitive world of designer fashion.

There are many careers within fashion including fashion design, tailoring, costume, textile design, buying and retail, marketing, fashion illustration and fashion photography and film.

In this growing sector, there are opportunities to work with large and small companies and to work freelance. Careers in this subject area vary and value a range of skills from garment-making and working with fabrics, to digital design, managerial and marketing skills.

Our practical, hands-on courses encourage creative thinking and problem solving through the application of fashion-based skills, knowledge and technical understanding.

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

WHAT WILL I STUDY?

You will learn the practical and creative skills needed to design and make garments, including pattern-cutting, garment construction, print-making and moulage. Project briefs will set challenging and exciting scenarios that will involve researching, mood-boarding, drawing, designing, sampling and garment development and making.

Workshop sessions will enable you to build skills in areas such as sewing, knitting, printmaking, textiles, digital illustration and design skills. You will explore sustainability and zero waste processes, supporting the move towards a more sustainable fashion industry.

Researching into audience, trends and mood-boarding will be a key aspect of developing your ideas and taking creative risks. You will identify your interests within the fashion industry and develop your skills and a portfolio of samples and garments to ultimately forge a career in fashion. Our courses are 100% coursework based.

WHY STUDY HERE?

- You will have access to professional standard studios and equipment including: industrial level sewing machines, pattern-cutting areas, screen-printing, print-making, digital embroidery and laser cutting.
- Explore a wide range of disciplines within fashion including; fashion design, garment making, fashion illustration, textiles, fashion marketing or fashion photography/film.
- Investigate a wide range of fashion-based skills and processes including, drawing, sewing, pattern cutting, screen-printing, printmaking and computer aided design (CAD)
- Take part in educational visits to places such as Yorkshire Sculpture Park and galleries at major cities. With an opportunity to go on a residential visit to a European city on Level 3 courses.
- Take part in workshops, educational visits and exciting opportunities for you to work on live briefs with partners such as Wentworth Woodhouse.
- Receive support with your UCAS application including portfolio-building sessions, interview preparation, writing your personal statement.
- Develop a creative and focused portfolio for progression into Higher Education or work in the fashion industry.

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

- Fashion Designer
- Garment Technologist
- Textile Designer
- Fashion Illustrator
- Pattern Cutter or Grader
- Stylist
- Fashion Buyer
- Visual Merchandiser
- Fashion Marketing and PR
- Trend Forecaster
- Fashion Blogger or Vlogger

"I LIKE BEING ABLE TO HAVE CREATIVE FREEDOM ON THIS COURSE. I LOVE THE FASHION STUDIO THAT WE HAVE ACCESS TO. I LOVE BEING ABLE TO CREATE MY OWN COLLECTIONS, IT'S SOMETHING I'VE ALWAYS DREAMED OF DOING."

Jodie Tyler
Level 3 - Applied General Extended Diploma in Art & Design (Fashion)
Former student at Oakwood High School

Graphic Design

GRAPHIC DESIGN

Graphic design is the practice of visual communication, using imagery and typography to convey information and concepts to a viewer. Providing opportunities to boost your creativity and enhance communication to make a statement. Covering a vast range of skills and talents, graphic design is a diverse subject with many career paths.

Our students go on to careers in illustration, animation, environmental graphics marketing, branding, web and user interface, packaging and more, to become part of a UK creative industry that is currently worth around £100 billion.

Graphic design is integral in every aspect of daily life, including websites, adverts, branding, product packaging, magazines, posters... graphic design is all around us. An exciting and dynamic subject, graphic design is a subject area that values passion, creativity and practical skill. In this growing sector there are opportunities to work for large and small companies as well as freelance.

Digital skills are essential, and knowledge of software such as Adobe Creative Suite is generally a requirement in most graphic design pathways to deliver creative content from digital animation, illustration and visuals for packaging design, web and user interface.

Graphic design is about leveraging aesthetics to help an audience digest sometimes complex content. Our students are highly entrepreneurial and self-motivated, both qualities that you learn on your journey to becoming a Graphic Designer. Our practical, hands-on courses encourage creative thinking and problem solving through the application of graphic design skills, knowledge and technical understanding.

WHAT WILL I STUDY?

Project briefs will set challenging and exciting scenarios that will involve researching, idea generation, sampling and production of final outcomes.

Workshop sessions will enable you to build skills in areas such as Adobe Creative Suite, in particular Photoshop and Illustrator as well as branding, packaging, animation, web and user interface and more. Key aspects of learning include how to use the formal elements of line, shape, space, form, tone, texture, pattern, colour and composition to communicate ideas.

You will explore visual language and different ways in which you can develop and grow as a graphic designer. You will identify your interests within graphic design and enhance your skills and build a portfolio to ultimately forge a career in the creative industries. Our courses are 100% coursework based.

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

Media and Photography

CAPTURE YOUR CREATIVE SKILLS WITH INDUSTRY-STANDARD EQUIPMENT TO LAUNCH AN EXCITING CAREER IN THE WORLD OF MEDIA, FILM AND PHOTOGRAPHY.

The requirement for lens-based work is increasing rapidly. Our courses give you the opportunity to produce visually dynamic work as well as offering you the chance to be taught by supportive tutors equipped with years of experience in their field. You will be involved in creating projects for 'live' client briefs, developing a wide range of technical skills using industry-standard equipment.

MEDIA

Learn in industry standard facilities including our TV studio, radio suites, photographic studio, dark room facilities and post-production suites. You'll have the opportunity to attend trips to galleries, TV studios, festivals, industry trade shows, workshops and lectures with guest speakers.

PHOTOGRAPHY

Using our photography studios, camera equipment, post-production software and dark room you'll develop key creative, technical and post-production skills to create high-quality imagery. You'll learn core business principles, key for those aspiring to launch their own freelance photography business, work on live client briefs and with models to produce portfolios.

Your work will also be exhibited in the annual photography festival, published on our online photography website gallery and entered for national and global competitions.

PATHWAYS

Level 1	Skills Development to the Arts
Level 2	Creative and Digital Photography
	Creative Media Production Media and Photography
Level 3	Creative and Digital Photography
	Creative Media Production
Level 4/5/6	Bachelor of Arts (Hons) in Media, Moving Image and Photography

Your level will be discussed at interview

Media

MEDIA

Discover the captivating world of media and unlock your creative potential with our comprehensive media department at Rotherham College.

Immerse yourself in stimulating qualifications designed to equip you with the skills and knowledge needed to excel in the dynamic fields of film, television, and online content creation. Through a hands-on approach, you'll delve into the fascinating realms of filming, TV production, and radio, unleashing your creativity and setting the stage for a successful career.

At Rotherham College, we provide an immersive learning experience that mirrors the professional environment. Our industry-standard facilities, including cutting-edge equipment and software like Adobe Creative Cloud, ensure you receive training on the tools used by industry professionals. Step into our TV studio and Radio Booths, where you'll gain practical experience and learn to thrive in real-world industry settings.

Throughout the course, you'll explore a wide range of captivating topics through pre-production, production, and post-production phases. From film production, media and film theory to the art of creating captivating content, you'll develop a strong foundation applicable to media production, film studies, television production, freelance work, or further education.

Dreaming of a career in film, television, marketing, or online content creation? Our course provides the stepping stone to a rewarding future. With your acquired skills, you can specialise in various areas, such as research, screenwriting, project management, editing, post-production, or distribution. The media industry is fast-paced and ever-evolving, offering limitless possibilities for those with a passion for creativity.

Upon completing our courses, you'll be well-prepared to thrive in the screen industries. From mastering industry-standard post-production platforms to delving into cinematography, lighting, and sound recording techniques, you'll gain valuable skills that employers seek. Embrace the world of media, unleash your creativity, and seize the boundless opportunities awaiting you.

Enrol onto a course from our media program today, where your imagination takes centre stage and your dreams become reality. Join us on this thrilling journey and embark on a path to an exhilarating career in the captivating realm of media and entertainment!

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

WHAT WILL I STUDY?

By focusing on different areas of the creative media industry, we ensure that you develop the skills and expertise that stand out in the job market.

Each project offers a focused study into an important industry area, allowing you to acquire versatile skills necessary for a career in the media industry.

Whether you're producing music videos, crafting advertisements, developing documentaries, or exploring the world of podcasts and short films, you'll gain hands-on experience and hone your skills in lighting, camera work, audio production, and more.

- Assessment is by a range of tutor assessed practical assignments
- Build a portfolio to demonstrate practical performance

WHY STUDY HERE?

Studying media at Rotherham College means working in industry-standard facilities, taught by experienced industry professionals. Access to professional studios and equipment, working on live client briefs, creating your own film scripts and short films, running a college radio station, and experiencing the roles of media practitioners are just a few highlights of the journey you may travel.

Plus, our annual residential trips to exciting destinations and visits to galleries, exhibitions, and live TV show recordings will enrich your learning experience.

Commercial Training Academy

Including Hair, Barbering and Beauty Services

IF YOU HAVE A PASSION FOR THE CREATIVE AND ARE INTERESTED IN STYLE THEN OUR HAIR AND BEAUTY COURSES ARE THE PLACE FOR YOU.

BEAUTY

Study all aspects of beauty therapy in our commercial salons using the latest equipment and products. You'll develop skills in both theoretical and practical aspects of beauty therapy across a range of treatments as well as reception and managerial skills.

There are opportunities to study additional short courses which provide you with the latest trends and techniques to prepare you for the world of work. Regular industry placements within local salons, spas and health settings throughout the course allow you to put into practice the skills learned at college and build your CV and portfolio. Many of our students have progressed onto our degree level courses or into employment as Beauty Therapists in salons and on cruise ships.

HAIR

Learn everything you need to know about hair and excellent customer service in a commercial salon environment. You'll study everything from the science behind hair conditions to chemical services and practical hair techniques.

Our training salons feature industry-standard equipment and products, allowing you to learn in a high-quality and professional working environment, which helps prepare you for a successful career.

During your studies, you'll complete an industry placement and gain experience of everyday salon life. This will help build your confidence and communication skills - preparing you for work in the industry. You'll also have the opportunity to study additional short courses which provide you with a range of skills, such as hair extension application.

PATHWAYS

Level 1	Beauty Therapy
	Hair and Media Make-up
	Hairdressing
Level 2	Barbering
	Barbering Apprenticeship
	Beauty Therapy Studies
	Hair and Media Make-up
Level 3	Hair and Beauty
	Hairdressing Apprenticeship
	Barbering
	Beauty Therapy
	Hairdressing
Level 4/5/6	Hairdressing Apprenticeship
	Theatrical Hair and Media Make-up
	Bachelor of Arts (Hons) Theatrical Hair and Media Make-up (Top-up)
Your level will be discussed at interview	

MEDIA MAKE-UP

You'll train within our dedicated media make-up classrooms and develop skills in airbrush make-up and cosmetic camouflage, prosthetics and special effects techniques, creative hairdressing and styling, face and body art and more.

As well as taking part in regular masterclasses and industry guest speaker sessions, there will be opportunities to work on-location with models and performers and provide a wide range of creative makeup services in media, theatre, and fashion and photographic settings. Our tutors will support you with entering into the World Skills UK competition, plus other trade shows and make-up industry exhibitions.

Beauty Therapy

BEAUTY THERAPY

Beauty Therapy is a substantial vocational qualification for learners seeking a career as a beauty therapist. Throughout these qualifications, learners will develop their knowledge and understanding of relevant anatomy and physiology, health and safety, communication, problem solving and research skills. You will also learn how to manage clients and provide a range of beauty treatments in a realistic working environment, which has all the latest treatments, products, techniques and up to date salons.

WHAT WILL I STUDY?

English for Speakers of Other Languages (ESOL)

IMPROVE YOUR ENGLISH, MATHS AND DIGITAL SKILLS TO REACH YOUR POTENTIAL.

Having good English and maths skills is important to help you succeed in your education, career and everyday life.

Our English for Speakers of Other Language (ESOL) courses will improve your spoken English, reading and writing, maths and IT skills. Our courses are tailored to cater for all abilities and as your skills develop, you'll progress to more advanced topics.

Our ESOL classes include students from all over the world and are taught in a friendly and relaxed setting.

We support your learning and provide advice and guidance on your next steps for a successful future. Many of our students have progressed onto employment, one of our vocational courses, apprenticeships or Higher Education degrees.

PATHWAYS

Entry Level	ESOL Reading
	ESOL Writing
	ESOL Speaking and Listening

DID YOU KNOW?

We have an excellent reputation for delivering high-quality ESOL courses.

English for Speakers of Other Languages (ESOL)

ENTRY LEVEL

ESOL - READING

ESOL - SPEAKING AND LISTENING

ESOL - WRITING

Our ESOL reading, writing and speaking and listening courses will help improve your English reading, writing and speaking and listening skills.

In addition, you will also improve your maths and IT skills.

Courses are offered at beginner, intermediate and advanced levels to cater for all abilities and as your skills develop you can progress to a more advanced level.

Each course is designed to meet your individual learning needs and we also provide advice and guidance on your next steps.

As well as learning English you will also have the opportunity to take part in community projects, charity events, trips and career events and attend talks from employers.

APPLYING

You can apply to ESOL courses if you are 16-18 and if you are 19+ years old.

WHAT WILL I STUDY?

- Jobs, Hobbies and Interests, Health, Social Media, Communication, Travel and Transport, Sport and Keeping Fit
- Life in the UK and Your Community
- Employability Skills
- Building Confidence
- Computer Skills
- Maths
- Other Useful Skills for Work
- How to Work on Your Own Outside College

WHAT CAN I DO NEXT?

Students can progress to study further education and receive help with finding employment.

ENTRY REQUIREMENTS

- There are no entry requirements at pre-entry or Entry Level, but you will need to pass each level to move up
- After filling in an application form you will be invited to an initial assessment and interview

Flex

LEARN THE SKILLS YOU NEED TO PROGRESS TO EMPLOYMENT OR VOLUNTEERING IN OUR FLEX DEPARTMENT.

Our FLEX Department is for students with Special Educational Needs and Disabilities (SEND) or High Needs.

You can choose from one of our four, project-led pathways depending on your personal aims and ambitions; Horizons, Pre-internships or Supported Internships with each pathway intended to help you towards one of two key goals - adulthood and independence or employment. We'll also help you with your English, maths and IT skills.

When you study at Rotherham College you'll be based in the heart of the town centre with easy access to a wide range of facilities including the market and local shopping areas. You'll also have access to on-site salons, a library and the chance to perform in our theatre.

Our dedicated FLEX area includes a relaxation area, sensory room, purpose built independent flat/bedsit, kitchen area, arts and crafts area and an open classroom.

We have strong partnerships with local businesses and organisations and work with them to get involved in community projects. You'll also have the chance to take part in a wide range of health and wellbeing activities, from fitness classes to music and art therapy sessions.

Flex

FLEX HORIZONS

The intent of this programme is to primarily support students who suffer with low self-esteem, are deemed vulnerable and who may have specific SEMH and/or behavioural needs.

This programme is designed for those students who are unclear of their career aspirations and who are not fully equipped with the knowledge, skills and behaviours required to progress onto a specific vocational area of choice.

This programme will provide students with the opportunity to experience 'taster' sessions within a range of vocational areas to get a feel of what sector they are interested in progressing in, whilst at the same time developing their employability and personal and social development skills towards adulthood.

Students will attend College three days per week.

WHAT WILL I STUDY?

- Employability Skills
- Personal and Social Development Skills
- Independence Skills
- Communication
- Study Skills
- Vocational Specific Units/Skills
- English, maths and ICT

WHAT CAN I DO NEXT?

Students can progress onto another course with FLEX department such as Pre-Internships and Supported Internships. Students also have the opportunity to progress onto a Vocational Study Programme. An alternative progression route would be Semi-independent living or Supported living.

ENTRY REQUIREMENTS

No formal entry requirements

FLEX PRE-INTERNSHIPS

Pre-internships are designed to introduce students with SEND and High Needs to working life and are offered in a range of different sectors including Construction, Business Administration, Health and Beauty and Motor Vehicle.

The aim is to support you to develop the confidence and knowledge, skills and behaviours to become employable in your chosen sector.

On a pre-internship you will attend College for two days (10 hours) and work placement for one day (5 hours) each week.

WHAT WILL I STUDY?

- Employability Skills
- Personal Development and Independence
- While studying with us we will work with you to ensure that your maths, English, maths and ICT skills are the best that they can be

WHAT CAN I DO NEXT?

Students can progress onto another course with FLEX department such as Supported Internships. Students could also seek employment or undertake voluntary work.

ENTRY REQUIREMENTS

You must have an EHCP in place

PLEASE NOTE

You must have an EHCP in place to access the pre-supported internship as well as the supported internship.

FLEX SUPPORTED INTERNSHIPS

A Supported Internship is a study programme aimed at giving young people (aged 16-24) with an Education, Health and Care Plan experience in the workplace within a supported environment.

It is a platform for you to further develop your skills and experience in a structured way. You will take part in the programme with one of our partner employers and spend at least two days (10 hours) per week working in different areas to gain valuable experience with the support of an on-site Job Coach.

You will spend approximately one day at College each week.

WHAT WILL I STUDY?

- Employability Skills
- Personal Development and Independence
- While studying with us we will work with you to ensure that your maths, English and ICT skills are the best that they can be
- This course has an emphasis on being out in the work place developing valuable employability skills, you will spend the majority of your time with an employer

WHAT CAN I DO NEXT?

After completing a Supported Internship, students can progress onto paid employment, undertake voluntary work, or an Apprenticeship.

ENTRY REQUIREMENTS

- You must have an EHCP in place
- You must be committed to participating fully in a work placement, adhering to employers policies etc
- Good attendance and punctuality record
- Willingness to accept a suitable job offer

Education and Childcare Services

IF YOU LOVE SEEING CHILDREN PROGRESS AND DEVELOP AS WELL AS SUPPORTING WITH THEIR EDUCATION, OUR COURSES ARE FOR YOU.

Our range of qualifications in Education and Childcare Services at Rotherham College can lead to a licence to practice within the sector. We work in partnership with infant schools, specialist schools, nurseries, children's centres and childminders to ensure our students gain first-hand work experience of how to encourage children to learn, explore and be creative.

During your course you'll study topics such as communication with children and adults, child development, play and learning and more.

This course also features many practical sessions, including learning how to cook for children and supporting care routines for babies and young children.

PATHWAYS

Level 1	Transition to Childcare Supporting Teaching and Learning - Preparing to work in Schools (Adult Course)
Level 2	T Level foundation in Working with Children in Early Years and Primary Settings T Level foundation in Supporting Teaching and Learning (Adult Course)
Level 3	Childcare and Education Supporting Teaching and Learning (Adult Course) T Level in Education and Childcare

Your level will be discussed at interview

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

Education and Childcare Services

EDUCATION AND CHILDCARE

The range of early years qualifications we offer will enable learners to gain the knowledge and experience to allow them to gain employment working with children aged 0-7 years in a range of settings including nurseries and schools or progress to higher education.

The qualifications we offer in Supporting Teaching and Learning will allow learners to gain the knowledge and experience which will allow them to work with children from 5 to 19 years, to prepare them to enter the workforce as teaching assistants and in order to develop vital knowledge, skills and behaviours relevant to the education industry.

Units covered within childcare qualifications provide learners with knowledge, skills and understanding of all safeguarding procedures, how to recognise and respond to abuse and how to deal with disclosures, all necessary skills important for working within the childcare and education industry.

Learners will learn about play and learning including how to plan activities to meet children's individual needs and the practical skills and knowledge to support and prepare colleagues within the workplace by preparing a positive learning environment for children and young people.

WHAT WILL I STUDY?

Within Education and Childcare, we offer development of knowledge and skills in the following areas:

- Play and learning
- Safeguarding
- Child health
- Observation, planning and assessment
- Supporting emergent Maths and Literacy
- International perspectives
- Child development
- Reflective practice

All of our courses will include varying levels of engineering Maths and and English. Level 2 and Level 3 qualifications offer work placement in the sector.

Our learners will build a portfolio of evidence, carry out task-based assessments and be observed in their placement to assess competency.

Within Supporting Teaching and Learning, we offer development of knowledge and skills in the following areas:

- Professional relationships
- Health and safety
- Positive behaviour
- Supporting English and Maths
- Special educational needs and disabilities
- Supporting assessment

Learners will be assessed in the classroom in a variety of ways. This includes written work (using Google Classroom), creating displays and carrying out professional discussions to demonstrate a deeper understanding of their knowledge.

Level 3 qualifications require learners to carry out external assessments alongside those marked internally.

WE OFFER T LEVELS
IN THIS SUBJECT

WHY STUDY HERE?

Rotherham college offers innovative childcare courses which are delivered by a range of industry specialists with a wealth of experience and knowledge of the sector.

Close links with a variety of employers within the area offer students the opportunity to gain up to date, high quality knowledge and experience, essential for their future careers.

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

- Early Years Practitioner
- Early Years Teacher
- Teaching Assistant
- Play Worker
- Childminder
- Child Protection Officer
- Education Welfare Officer
- Education Consultant
- Family Support Worker

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

Future Careers...

IN EDUCATION AND CHILDCARE SERVICES

The education and childcare services sector is ideal for those who are patient, caring and have a passion for helping children to develop and learn to reach their full potential.

TYPES OF ROLES AVAILABLE:

NURSERY WORKER

Nursery Workers help babies and children up to 5 years old to develop and learn in a safe and supportive setting.

Average salary - £23,400**

Day-to-day tasks:

Plan and supervise activities like arts and crafts, music and cooking, help children to learn numeracy and language skills through games, singing and story telling, take children on outings, feed and change babies, keep indoor and outdoor work areas clean and safe, record children's development and share with parents, carers and other staff.**

Working environments:

Nurseries, Pre-schools and Children's Centres

Engineering

Including Fabrication and Welding and Mechanical

GEAR UP FOR YOUR FUTURE IN OUR HANDS-ON, STATE-OF-THE-ART WORKSHOPS.

The UK needs more engineers, so if you're interested in becoming an Engineer or a Welder, you can learn your trade in our industry-standard facilities using the latest equipment. You can choose from a range of Engineering courses, all taught by industry-experienced staff who have strong links with the sector. These courses will prepare you to move straight into employment in the industry or on to Higher Education.

ENGINEERING

Our engineering courses at Rotherham College range from mechanical, electrical, manufacturing to welding and fabrication, so you can focus on the area that interests you most. Each area of engineering is unique and our courses will develop your practical skills and theoretical understanding to prepare you for an industry that is both challenging and in high demand.

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

PATHWAYS - ENGINEERING

Level 1	Skill Development for Engineering
Level 2	Engineering Operations
Level 3	Advanced Manufacturing Engineering
	T Level Foundation programme in Engineering
Level 4/5	T Level in Maintenance, Installation and Repair for Engineering and Manufacturing
	HNC in Engineering
	HND in Engineering
Your level will be discussed at interview	

Engineering

WE OFFER T LEVELS
IN THIS SUBJECT

ENGINEERING

Engineering is all around us and is essentially the art of designing products to solve real-world problems. Engineers use science-based models to complete tasks and projects that benefit the community.

This could include designing the latest automation and robotics, investigating renewable energy resources, contributing to sustainability and developing new prosthetic aids for the medical sector.

Our courses enable you to develop your engineering knowledge, skills, creativity and engineering experience to the highest levels in readiness for your future career or next level of study. Being an engineer means a cycle of continuous learning adapting to changes in society and the world around us.

WHAT WILL I STUDY?

Within engineering, we offer different engineering specialist routes:

- Welding and Fabrication – Welding practices and metal fabrication
- Machining – Milling, Turning and Hand Fitting
- Advanced Manufacturing – a mixture of electrical and mechanical engineering units including health and safety, electronics and programmable logic controllers

All of our courses will include varying levels of engineering maths and science (including material properties).

WHY STUDY HERE?

Rotherham College offers innovative engineering courses, taught in our state of the art facilities and engineering workshops. All of our courses are delivered by a range of industry specialists who can also offer careers advice for you to make informed choices about your next steps.

Our curriculum is designed with input from local employers to ensure we are providing the essential skills needed to fill the engineering skills gap in Rotherham and the surrounding areas. Through the use of Google Workspace, we also develop essential digital and independent skills needed to be successful in the world of work.

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

- Apprenticeships
- Higher Education (Including entry to University or a place on our Higher National Certificate in Engineering)
- Machinist
- Fabricator
- Welder
- Operative
- Project Manager
- Product Design

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

Future Careers...

IN ENGINEERING

The engineering sector is ideal for those who have the ability to come up with new ways of doing things, have problem-solving skills and enjoy working practically.

TYPES OF ROLES AVAILABLE:

MECHANICAL ENGINEER

Mechanical Engineers design, build and install machinery used in industries like power, engineering, transport and manufacturing.

Average salary - £39,000**

Day-to-day tasks:

Turn research ideas into technical plans using computer aided design software, test mechanical systems and analyse data to make improvements, assess the safety of mechanical machinery and equipment, oversee maintenance programmes in buildings, power stations and production plants, manage a project team of technicians, designers and other engineering professionals.**

Working environments:

You could work in an office, in a factory or visit sites.

WELDER

Welders cut, join and shape metals, alloys and other materials in the manufacturing, construction and engineering industries.

Average salary - £34,500**

Day-to-day-tasks:

Follow drawings and instructions, prepare materials to be joined and select the right welding procedure, calibrate tools and operate welding equipment, inspect and test the quality of joins using precision measuring instruments and dismantle and cut up metalwork, for example during demolitions.**

Working environments:

You could work in a workshop, on a construction site or on a demolition site.

In-demand skills that commonly appear in job descriptions for roles within the engineering sector include*:

- Communication
- Management
- Leadership
- Customer Service
- Problem Solving

Technology

Including Computing, Computer Science, Cyber Security, Data Analytics and IT Software

LOG IN TO THE THRIVING COMPUTING AND DIGITAL SECTOR WITH OUR EXCITING RANGE OF COURSES.

Our qualifications are nationally recognised and valued for their ability to develop confident, highly skilled professionals. You'll gain a range of industry relevant skills and knowledge within several areas of computing.

Topics covered vary per course and level but typically include cyber security, software development such as games and app programming, website design, graphics, computer networking, cloud computing, learning how to configure networks and much more.

COMPUTING

These courses provide opportunities for students to develop a range of computing skills, techniques, personal qualities and attitudes essential for a successful career.

You'll learn from tutors with a broad range of industry experience who are passionate about developing the next generation of digital experts. As well as gaining the knowledge and tools you'll need to succeed in the industry, you'll develop wider transferable skills sought after by employers including problem-solving, creativity and research.

DIGITAL

If you have a passion for computing and games design, the job opportunities are endless and in high-demand for talented qualified practitioners.

These qualifications also help to ensure that you have the breadth and depth of skills required to progress to employment, self-employment, an apprenticeship, or Higher Education.

Computing

WE OFFER T LEVELS
IN THIS SUBJECT

COMPUTING

Computing, information technology, and digital applications have become integral parts of our daily lives and are used extensively by individuals, businesses, and communities worldwide. The impact of these technologies is far-reaching and offers numerous opportunities to make a real difference in various areas.

Developing software solutions enables businesses and individuals to streamline processes, improve efficiency, and enhance productivity. AI technologies have revolutionised various sectors, including healthcare, finance, transportation, and customer service.

Cyber security industries, with the increasing reliance on digital systems, protecting sensitive information and ensuring the security of digital infrastructure is crucial.

Data analysis helps businesses understand customer performance, optimise processes, and make data-driven decisions.

With these sectors, it's no surprise that the IT job market is booming, with nearly 1 million jobs available in Information Technology last year alone.

ENGLISH AND MATHS

If you haven't achieved GCSE English and maths at grades 4 or above you will undertake these qualifications alongside your main programme.

WHAT WILL I STUDY?

Each course provides a different experience and expertise where you will learn and demonstrate a wide variety of techniques and skills for employment and or your next level with digital industries.

Within Computing, we offer different digital and technical specialist routes including:

- Software engineering and development
- Cyber security and computer forensics
- Ethical hacking
- Networking
- Programming
- Core IT skills for employment

WHY STUDY HERE?

Rotherham College offers innovative Computing and Digital courses, taught in our state-of-the-art facilities and networking labs. All of our courses are delivered by a range of industry specialists who can also offer careers advice for you to make informed choices about your next steps in employment, further education and higher education.

Our curriculum is designed with input from local and national employers to ensure we are providing the essential skills needed to access employment and take advantage of the growing jobs market in this industry.

Designing, developing, and constructing computer-based solutions to real professional problems is a valuable skill set in today's digital world. Our courses are designed to equip you with the knowledge needed to tackle real-world digital and technological problems, enhancing your problem-solving abilities, and developing critical thinking skills.

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

Job opportunities are vast, varied and very much in-demand; you could go on to careers such as:

- Higher Education (Including entry to University or a place on our Degree level courses)
- Apprenticeships
- Software Engineer
- ICT Manager
- Web Developer
- Analyst
- Application Developer
- Database Administrator
- Information Systems Manager
- IT Project Manager
- IT System or Business Analyst
- Network Engineer
- Software or Hardware Trainer
- System Analyst
- System Support Engineer
- Programmer
- Cyber Security Officer
- Computer Engineer

Games Design and Development

GAMES DESIGN AND DEVELOPMENT

The UK has a rich history of producing world-class video games with globally renowned companies such as Rockstar, Rare and Bullfrog Productions, to local and regional influential studios emerging with prominence, such as Sumo Digital and BGI all having significant contributions to the global gaming industry.

The UK's games industry makes a significant contribution to the country's economy. The sector's annual worth exceeds £4 billion, highlighting its economic importance.

The UK gaming sector is thriving, with over 2,000 active games companies operating in the country. These companies span across all sizes and scales, ranging from small indie studios to large AAA developers. The national sector always requires skilled artists and developers in game development, including programming, art, design, and audio, extending across the full spectrum of games technologies and platforms, encompassing mobile, PC and console gaming.

The industry is not only focused on established platforms but also embracing emerging technologies. Virtual Reality (VR), Augmented Reality (AR), Esports, and Artificial Intelligence (AI) are fast-developing sectors that UK game developers are actively exploring.

These technologies offer new and exciting possibilities for immersive gameplay experiences and innovative gameplay mechanics.

The demand for gaming continues to grow, with ongoing enthusiasm among gamers for the latest technology. This strong demand indicates a promising future for the gaming industry.

As technology advances and new platforms and experiences emerge, the UK game development sector is well-positioned to capitalise on these opportunities and continue its legacy of producing world-class games.

WHAT WILL I STUDY?

Each course provides a different experience and expertise where you will learn and demonstrate a wide variety of techniques and skills for employment or your next level within gaming industries.

Within Games Design and Development, we offer different digital and traditional specialist courses including:

- 2D and 3D games engines
- 2D and 3D animation
- 2D and 3D modelling
- 2D and 3D character art for games development
- 2D and 3D games development
- Concept art
- Audio for games
- Programming

WHY STUDY HERE?

Rotherham College offers innovative Games Design and Development courses, taught in our state-of-the-art facilities workshops. All of our courses are delivered by a range of industry specialists who can also offer careers advice for you to make informed choices about your next steps in both employment and further education and higher education.

You can expect to study practical and technical courses, undertaking exciting projects and assignments working with local, regional and national employers including Sumo Digital and Adidas.

All of our Games Design and Development courses support learners in developing confidence and taking ownership of their projects, demonstrating initiative, making independent decisions, creating high quality outcomes ready for employment or the next level of education.

WHAT CAREERS OR STUDIES COULD I PROGRESS ON TO?

- Higher Education (Including entry to University or a place on our Degree level courses)
- Apprenticeships
- Games Designer or Developer
- App Developer
- 3D Modeller
- Animation Specialist
- Digital Media
- Programmer
- Software Engineer
- Games Tester
- Games or Concept Artist

Travelling to College

**WE ARE EASILY ACCESSIBLE
BY BUS, TRAIN AND CAR.**

TRAVELLING TO US...

BY BUS

Our colleges are close to many bus routes across South Yorkshire.

Rotherham Interchange bus station, which is conveniently located close to our town centre campus, also provides great travel access to and from surrounding areas.

The Traveline journey planner can help you plan a route and get information about public transport services: [traveline.info](https://www.traveline.info)

We also run a college bus service, which you can view on the next page.

BY TRAIN

Rotherham College is located a short walk from Rotherham Central train station (RMC). Rotherham Central also operates a tram-train service between Sheffield City Centre and Rotherham.

The closest train station to Dearne Valley College are Bolton-upon-Deane (BTD), Mexborough (MEX) and Swinton (SWN).

If you travel a lot by train you could benefit from a railcard.

A 16-17 saver railcard gets you 50% off standard anytime, off peak, advance and season tickets. It is just £30 and is valid for one year or until your 18th birthday, whichever comes first. For more information visit [16-17saver.co.uk](https://www.16-17saver.co.uk)

A 16-25 railcard can get you 1/3 off rail travel for everyone aged 16-25 for just £30 for one year or £70 for three years. For more information visit [16-25railcard.co.uk](https://www.16-25railcard.co.uk)

Mature students can also apply for a one-year railcard, which can be extended with evidence of continuing to study every year.

BY CAR

A number of public car parks are located within easy walking distance of Rotherham College and the Construction Centre including Drummond Street and Percy Street.

Dearne Valley College offers free car parking for students and visitors.

TRAVEL PASSES

There are free travel passes available to students, offering cheaper fares on public transport networks in South Yorkshire.

The 16-18 travel pass allows young people to travel on buses and trams for as little as 80p per journey and half-fare travel on Northern trains. Passes are valid all year round for up to two years.

There are also 18-21 passes available to those who live in South Yorkshire which also offer 80p travel in South Yorkshire to those aged 18 to 21.

Applications for a travel pass can be made online at:

travelsouthyorkshire.com/1618

There are tickets available for fares in South Yorkshire that range from 1, 7, 28 day or annual period to make travelling to college cheaper.

If you are aged over 18, an 18-22 card is available regardless of where you live, for travel in South Yorkshire. The card offers 15% off the price of 1, 7 or 28 day TravelMaster tickets.

Student Bus Service

HOP ON BOARD!

We have a number of student only bus routes making it easier to get to Rotherham College and Dearne Valley College from a range of areas.

Each service will run first thing in the morning getting you into College for your first lesson and will return at the end of the College day.

There is a small charge per day or multiple travel passes can be purchased for a discounted price.

You may be eligible for funding to pay for your journey to and from College, more information on Financial Support can be found on page 17.

For more information on our Student Bus Service and details on how to book once you have enrolled, please visit:

rotherham.ac.uk/information/student-support/student-bus-service
dearne-coll.ac.uk/information/student-support/student-bus-service

Please note our bus timetables are subject to change. Check our websites for the most up to date information.

BUS TIMETABLES

HOW TO BOOK

1

Visit Zeelo website

Visit zeelo.co/rides/rotherham-college-and-dearne-valley-college

2

Select your pass

Choose between a multi-ride travel pass (10, 20, 30 or 50 journeys) or a one day pass (single/return journey)

3

Confirm pass and create Zeelo account

Enter your desired pick-up and drop-off locations and confirm. Follow the steps to create your Zeelo account

4

Select your journeys (travel pass only)

For multi-ride travel passes only, visit 'My Rides' (zeelo.co/my-zeelo), select your pass & book onto the journeys you would like to travel

5

Your coach is booked

You will receive an email before your journey with your tickets, or you can find in 'My Rides'

6

Check your tracking link on the day

You'll receive this via SMS and will also be able to see it via the app. Ensure you arrive 5 mins early to your stop

Commercial Outlets

AT ROTHERHAM COLLEGE

REFINE YOUR SKILLS IN REALISTIC WORKING ENVIRONMENTS

In our on-site commercial outlets, students can put their passion into practice by working with real customers in real working environments.

You can also visit any one of our outlets as a customer - whether you're getting your nails done, grabbing some gourmet grub or exercising in one of our state of the art fitness areas, there is something for everyone - at a fantastic, discounted price.

HAIR AND BEAUTY SALON

Rotherham College offers a premium salon experience at an affordable price.

Kitted out with state-of-the-art equipment, our hair, beauty and make-up salons are the perfect destination to treat yourself at a fraction of the cost.

01709 722776

inspire@rotherham.ac.uk

inspire.rotherham.ac.uk

THE WHARNCLIFFE

Pop into our fantastic on-site restaurant to refresh yourself with a morning coffee, unwind with friends for a relaxing drink or even enjoy a delicious three course meal.

Operating as Rotherham College's training restaurant, The Wharncliffe has an excellent reputation for outstanding food and service, provided by our learners under the watchful eye of their tutors.

01709 722767

thewharncliffe.co.uk

STUDIO THEATRE

Enjoy a play, panto, or music concert at our College Studio Theatre, performed by our students or external companies.

Whether you're looking for some light-hearted fun or the next cutting-edge drama, the Studio Theatre accommodates for all interests with a calendar brimming with events. Encompassing a diverse range of performing arts genres, the Theatre is equipped with the industry-standard facilities needed to create an immersive experience for its audience.

THE FARM SHOP

At Dearne Valley College, we have our very own on-site farm shop that is fully stocked with ethically sourced products produced by local businesses and the students themselves.

Shop local! Our on-site shop stocks a huge range of locally sourced produce including eggs from hens farmed on-site as well as veg boxes containing locally grown salad and other vegetables. We also sell a range of products made by the College students themselves including sweets and Dog Treat bags.

collegeo-operative@rnngroup.ac.uk

Dearne Valley College

YOUR CAMPUS

At Dearne Valley College, our purpose is to help you achieve your professional and personal goals.

All of the courses and apprenticeships we offer aim to provide students with the tools that they need in order to take their first step towards their dream career.

Located in Wath-upon-Dearne, less than 20 minutes from Rotherham Town Centre by bus, we specialise in providing our students with a career focused education. Our industry-specific courses are also designed with current and future career trends and technologies in mind, so that students can learn the most sought-after skills in their chosen industry and start their career one step ahead.

Students who study with us also have access to a range of industry-standard facilities. This includes our own onsite sports hall and gym facility, fully equipped with all the latest fitness technology. Students and staff are able to use these facilities, and have access to discounted memberships.

For more information about Dearne Valley College, please visit dearne-coll.ac.uk

STUDY WITH US

Our courses include a variety of levels to suit all abilities - from entry-level to degree-level - as well as a range of apprenticeships.

Choose from a wide range of subjects including:

- Animal Care
- Construction (Joinery, Plastering and Bricklaying)
- English and Maths
- Esports
- FLEX - Dedicated department for students with Special Educational Needs
- Health and Social Care
- Land-based Industries
- Motor Vehicle
- Public Services
- Sport

YOUR FACILITIES

We pride ourselves on investing in your future. All of our courses are delivered in industry-standard facilities with excellent equipment.

Our on-site Animal Care department houses many different species ranging from skinks to snakes, and meerkats to mice. We are also one of the only colleges in the UK to have our very own Armadillo.

At our Academy of Sport, you can really raise the bar by using facilities such as our on-site sports and fitness centre, multisport cages, AstroTurf pitches and the nearby Manvers boathouse and lake. You can also fuel your future in our state-of-the-art motor vehicle workshop housing hybrid and electric vehicles. You can also craft key skills in our workshops dedicated to trowel occupations, carpentry and joinery and plastering.

Outdoors, you can cultivate your land-based skills in our fantastic facilities including our 12-acre forest, polytunnels and more.

Your time with us is about more than learning. We want you to enjoy your experience with us - whether this be through socialising with your new peers or being able to relax whilst you study, we have plenty of social spaces for you to do so.

HELPING YOU SUCCEED

Studying with us gives you industry specific skills for life that you can use within your future career.

By working with our extensive network of local and regional employers, we make sure that our courses give you the skills for success that businesses are looking for. Our professional networks also offer the opportunity for work experience and potential future employment.

Our talented teams of specialist tutors have worked, or still work, in the industry they teach. They bring a wealth of expert knowledge, breadth of experience and passion to their teaching. Whatever your area of interest, we have the facilities, expert tutors and professional links to help you succeed.

North Notts College

HANDS-ON LEARNING IN THE HEART OF WORKSOP.

At North Notts College, what you learn is what you'll use. Every year, our technical courses and apprenticeships help to educate, develop and prepare thousands of local people to achieve their dreams.

YOUR CHOICE

Our courses and apprenticeships are designed together with local employers to make sure that whatever your dream career is, we'll make sure you're prepared. Choose from a wide range of subjects including:

- Business
- Computing
- Construction
- Education and Childcare Services
- Engineering
- English and Maths
- FLEX - Dedicated department for students with Special Educational Needs
- Hair and Beauty
- Health and Social Care
- Media Make-up
- Motor Vehicle
- Public Services
- Sport

YOUR FACILITIES

Across our two campuses in the heart of Worksop, we take learning beyond the classroom. Our campus in Worksop is just a five minute walk from the train station and offers engaging learning environments such as our Hair and Beauty salon (open to members of the public), our purpose-built construction workshops, kitted out with all the tools you need to succeed and our state-of-the-art gym.

We provide courses in Media Make-up and Sport, where our students have access to cutting-edge equipment and spacious facilities.

Located in Worksop town centre is our Bridge Skills Hub campus, where we deliver Higher-Level qualifications alongside our sister university, University Centre Rotherham.

To find out more about higher-level qualifications in the heart of Bassetlaw, please visit

nnc.ac.uk/bridge-skills-hub

Rotherham

PART OF RNN GROUP

STUDY Smart, Local

WHO ARE WE?

At University Centre Rotherham, we offer full and part-time higher-level and degree courses in the heart of Rotherham and at our partner college sites across South Yorkshire and North Nottinghamshire.

The Bridge Skills Hub, in the centre of Worksop, also offers several of our Higher Education courses. To find out more, refer to our website.

We're part of the RNN Group alongside Rotherham College, North Notts College, Dearne Valley College and a number of other subsidiary training organisations.

WHAT DO WE BELIEVE IN?

Your professional and personal fulfilment is at the heart of everything we do. Whether you're continuing your studies, changing career path, or returning to education, we're here to help you succeed.

WHAT CAN YOU EXPECT?

Studying with us is a rewarding and fun learning experience which is all about you. By studying a higher-level qualification on your doorstep you will have access to:

- State-of-the-art facilities
- Industry-experienced staff
- Lower fees
- Fantastic student experience
- Small, friendly community
- Degrees accredited by top universities
- A supportive and caring learning environment
- Flexible learning

You can also visit our on-demand Open Event website at:
ucerevents.rotherham.ac.uk

Bridge Skills Hub

HIGHER EDUCATION (HE) COURSES IN THE HEART OF WORKSOP.

North Notts College delivers a variety of Higher Education (HE) courses at The Bridge Skills Hub

OUR COURSES

Whether you are looking to switch careers, retrain, or further your education, our committed tutors will be there to help you every step of the way. With courses from level 3 up to level 5, The Bridge is the perfect place to begin your university education.

Our degree courses are accredited by top universities, meaning you can access the same high-quality education, without having to pay travel or accommodation expenses! We boast strong industry links in the local area and this is reflected in the diversity of the courses we have on offer across the health and social care sector.

OUR FACILITIES

The state-of-the-art Education Centre houses six classrooms, several breakout spaces, private offices, an auditorium, two clinical teaching rooms, and its very own clinical suite and mock ward.

These facilities offer students exposure to real-world environments while providing a safe space for learning.

CASE STUDY

Nigel Kajau

Access to HE - Health Science Professions

“College is a great place to study and the tutors are incredibly supportive and friendly. After I complete my course, I plan to progress to Higher Education.”

How to Apply

Use our checklist to complete your application and start your College journey.

1. RESEARCH

- Identify subjects you find interesting in our course guide
- Visit our websites for useful information and to explore your career options
- Come along to an Open Event to meet our Tutors and get a feel for our college campus (See page 159)

If you would like a more personalised visit, please email schoolevents@rnngroup.ac.uk

2. APPLY

- The quickest way to apply is online via our website:
Rotherham College:
rotherham.ac.uk/apply-now
Once we receive your application you will get a confirmation email. Within five days you will receive login details to the online Admissions Manager where you can track the progress of your application.
Please include your personal email address and mobile number and update us of any changes so that we can keep in touch with you.

3. ATTEND

- You will be invited to attend an interview to ensure that the course is right for you
- If you have stated you have any learning needs we will also invite you in for an Additional Learning Support assessment

Note: Some courses may require you to bring a portfolio of work and/or audition as part of the interview process.

4. ENROL

- When you have received your exam results in August you will be sent an email to enrol online
- You will also be invited in to complete your enrolment process by bringing in your GCSE certificates. You will receive your college badge, start date and timetable ready for September

CONTACT US

We are here to support you:

Our Learner Recruitment Team can provide more course information, assistance when completing your application and support you with any unexpected exam results. To change any details on your application (including your course) you don't need to complete another form, simply contact us or visit our campus.
